

COATED RODS - DEWEY 20 CALIBER 42" 5-40F COATED ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

Tough Nylon Can't Scratch Your Rifling

The tough nylon coating on these rods absolutely won't scratch the delicate rifling of the finest match barrel and won't peel off like many vinyl coatings do. Smooth turning, ball bearing handle. Supplied with Adapter for standard 8-32 male thread brushes and accessories (Except .17 and 20 caliber rods; they are 5-40 female). Plus, an extra-long Dewey Jag that takes a patch either wrapped-around, or over-the-end, and fits directly onto the rod's male thread. 17C and 20C series rods do not include brush adapter. Use of breech or muzzle bore guide is recommended.

COATED RODS DEWEY 20 CALIBER 42" 540F COATED ROD Safety Instruction Guide

Introduction

Thank you for choosing the COATED RODS DEWEY 20 CALIBER 42" 540F COATED ROD. This product is designed for safe and effective cleaning of firearms. It is essential to follow the safety guidelines and instructions outlined in this document to ensure safe usage and to maintain the quality of your equipment.

General Safety Guidelines

- Always handle firearms and cleaning equipment with care and in a safe manner.
- Ensure that the cleaning rod is suitable for the caliber of your firearm.
- Keep the cleaning rod and all accessories out of reach of children and vulnerable individuals.
- Inspect the cleaning rod and accessories for any damage before use. Do not use damaged products.
- Always use the cleaning rod in a wellventilated area.
- Follow local laws and regulations regarding firearm cleaning and maintenance.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before cleaning.
- Use the appropriate adapter for brushes and accessories to prevent damage to the cleaning rod.
- Do not force the cleaning rod into the barrel; ensure it fits properly to avoid scratching or damaging the rifling.
- Use a bore guide when cleaning to prevent damage to the muzzle and breech.
- Avoid using excessive force when cleaning to prevent injury or damage to the firearm.
- Be cautious of any chemicals used during cleaning; read labels and follow safety instructions.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and in a safe position.
- Gather all necessary cleaning supplies, including the cleaning rod, brushes, patches, and any cleaning solvents.

2. Attaching the Adapter:

- Depending on your cleaning needs, attach the appropriate adapter for standard 832 male thread brushes and accessories.
- For .17 and .20 caliber rods, remember they are 540 female threads.

3. Using the Cleaning Rod:

- Insert the cleaning rod into the barrel from the chamber end, ensuring it is aligned properly.
- Attach the Dewey Jag to the rod, which can hold a patch either wrapped around or over the end.
- Gently push the rod through the barrel, using smooth, even strokes. Do not force the rod.

4. Cleaning Process:

- Use a cleaning solvent as directed to clean the barrel. Apply it to the patch or brush before inserting it into the barrel.
- After cleaning, run a dry patch through the barrel to remove any excess solvent.

- Repeat the cleaning process as necessary until the barrel is clean.

5. PostCleaning:

- After use, disassemble the rod and clean any accessories as required.
- Store the cleaning rod and accessories in a safe and dry location.

Disposal Instructions

- Dispose of any used cleaning patches, brushes, or solvents according to local regulations.
- Do not dispose of cleaning solvents in regular trash; check for hazardous waste disposal options in your area.
- Ensure that all cleaning products are stored safely until disposal.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the COATED RODS DEWEY 20 CALIBER 42" 540F COATED ROD, please contact your local retailer or manufacturer.

Thank you for following these safety guidelines and instructions. Enjoy safe and effective cleaning of your firearms.
