20 Gauge Shotgun Brush Safety Instructions

Introduction

Thank you for choosing the 20 Gauge Shotgun Brush by Pro Shot Products, Inc. This safety instruction guide is designed to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle the brush with care to avoid injury.
- Keep the brush out of reach of children and vulnerable individuals.
- Ensure that the product is used in a wellventilated area.
- Inspect the brush for any damage before use. Do not use if damaged.
- Follow all local laws and regulations regarding the use of firearm cleaning products.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the brush only for its intended purpose: cleaning 20 gauge shotguns.
- Wear protective eyewear to prevent debris from entering the eyes during cleaning.
- Avoid using excessive force when cleaning to prevent damage to the firearm or brush.
- Do not use the brush on hot surfaces or immediately after use of the firearm.
- Store the brush in a cool, dry place away from direct sunlight and moisture.
- Do not ingest any parts of the brush or cleaning materials.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies including the 20 Gauge Shotgun Brush, cleaning solvent, and protective gear.

2. Using the Brush:

- Attach the brush to a cleaning rod or handle as per the manufacturer's instructions.
- Apply a small amount of cleaning solvent to the brush if necessary.
- Insert the brush into the barrel of the shotgun and gently scrub in a backandforth motion.
- Make sure to cover the entire length of the barrel.

3. PostCleaning:

- Remove the brush from the barrel and clean it with warm water and soap, ensuring all debris is removed.
- Allow the brush to dry completely before storing.
- Store the brush in its original packaging or a designated cleaning kit.

Disposal Instructions

- Dispose of the brush in accordance with local regulations.
- Do not dispose of the brush in household waste if it is contaminated with cleaning solvents.
- Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please reach out to the designated EU contact point for Pro Shot Products, Inc.

Please ensure that you keep this safety instruction guide for future reference. Your safety and satisfaction are our top priorities.
