# BLACKHORN 209 MUZZLELOADING POWDER TUBES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing BLACKHORN 209 Muzzleloading Powder Tubes. These tubes provide a convenient way to store and transport your muzzleloading powder safely. This safety instruction guide aims to ensure that you use this product safely and responsibly in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always store the powder tubes in a cool, dry place away from direct sunlight and heat sources.
- Regularly inspect the tubes for any signs of damage or wear before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always handle the powder tubes with clean, dry hands to prevent contamination.
- Do not overfill the tubes; each tube is designed to hold a maximum of 120 grains of powder.
- Avoid using the tubes near open flames or sparks.
- Ensure that the powder is suitable for use with muzzleloading firearms.
- Use protective eyewear and gloves when handling muzzleloading powder.
- Do not attempt to modify or alter the tubes in any way.

## Instructions for Installation and Usage

### 1. Preparing the Powder Tubes:

- Ensure that the tubes are clean and dry before filling.
- Check that there are no cracks or damages on the tubes.

### 2. Filling the Powder Tubes:

- Carefully pour the powder into the tube, ensuring not to exceed the 120 grain capacity.
- Use a funnel if necessary to avoid spillage.

### 3. Sealing the Tubes:

- Once filled, securely close the cap to prevent any accidental spills or leaks.
- Store the tubes upright in a safe location.

### 4. Using the Powder Tubes:

- When ready to use the powder, ensure that you are in a safe environment, away from flammable materials.
- Open the tube carefully to avoid any powder spillage.
- Follow the instructions for your specific muzzleloading firearm when transferring powder.

### 5. After Use:

- Store any unused powder in its original container, and ensure the powder tubes are emptied and

- cleaned.
- Dispose of any waste according to local regulations.

## Disposal Instructions

- Dispose of empty or damaged powder tubes in accordance with local waste disposal regulations.
- Do not dispose of them in regular household waste if they contain any residual powder; consult local hazardous waste guidelines.
- Ensure that any remaining powder is disposed of safely and responsibly.

## Contact Information for Further Support

For any questions or concerns regarding the BLACKHORN 209 Muzzleloading Powder Tubes, please refer to the contact information provided by the retailer or manufacturer.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your BLACKHORN 209 Muzzleloading Powder Tubes responsibly.
