

# 1911 HEAVY DUTY SLIDE STOP - EGW 9MM/.38 SUPER, SS, .200"

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

## Machines From Hardened Steel For Maximum Strength & Durability; Standard & Oversized Pins Available

Heavy duty slide stop is precision machined from steel bar stock, then heat-treated for superb hardness and durability. Ensures a precise fit to frame for secure, consistent lockup; prevents slop or "play" that can compromise accuracy. Available with standard .200" diameter pin or oversized .203" pin for custom fitting to ensure the tightest possible lockup for maximum accuracy. Both sizes available in blued 4140 carbon steel or stainless steel, both with a fine bead-blasted matte finish. Fine-line serrations on pad give your finger secure purchase to release the slide on the first pass.

## Attributes

- Name: [EGW 9MM/.38 SUPER, SS, .200"](#)
- Manufacturer: [EGW](#)
- Product no.: 296000119

# 1911 Heavy Duty Slide Stop Safety Instructions

## Introduction

Thank you for purchasing the 1911 Heavy Duty Slide Stop by EGW. This safety instruction guide is designed to help you understand the safe use, installation, and disposal of this product. Please read this guide carefully before using the slide stop to ensure your safety and the safety of others.

## General Safety Guidelines

- Ensure that the slide stop is compatible with your firearm model (Government, Commander, Officers).
- Always handle firearms with care and follow standard safety practices.
- Keep the slide stop and all firearm components away from children and unauthorized users.
- Inspect the slide stop for any damage or defects before installation and use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for product recall updates regularly on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the slide stop with firearms that are designed to accommodate a .200" or .203" diameter pin.
- Ensure that the firearm is unloaded before installing or removing the slide stop.
- Avoid using excessive force during installation to prevent damage to the slide stop or firearm.
- Do not attempt to modify the slide stop in any way, as this may compromise safety and functionality.
- Always ensure that the slide stop is securely locked in place before using the firearm.
- If you experience any issues with the slide stop, stop using it immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a punch tool, hammer, and safety glasses.

### 2. Installation:

- Remove the existing slide stop from the firearm using the punch tool and hammer.
- Align the new slide stop with the frame of the firearm.
- Gently tap the slide stop into place using the punch tool and hammer.
- Ensure that the slide stop fits snugly and securely.

### 3. Usage:

- To release the slide, firmly press the pad on the slide stop with your finger.
- Ensure that the slide stop functions properly by cycling the action of the firearm.
- Regularly inspect the slide stop for wear and tear during routine maintenance.

## Disposal Instructions

- Dispose of the slide stop in accordance with local regulations for metal products.
- If the slide stop is damaged or no longer functional, do not attempt to repair it.
- Recycle the slide stop if possible, following your local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the 1911 Heavy Duty Slide Stop, please contact the manufacturer or a qualified gunsmith for assistance.

Thank you for your attention to these safety instructions. Your safety is our priority.
