

# SAVAGE B-MAG SCOPE BASES - EGW SAVAGE B-MAG 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Savage B-Mag Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

## Attributes

# Safety Instruction Guide for EGW Savage BMag Scope Bases

## Introduction

Thank you for choosing the EGW Savage BMag Scope Bases. This product is designed to enhance your shooting experience by providing a stable and versatile mounting solution for your scope. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always handle firearms and related accessories responsibly and in compliance with local laws.
- Ensure that the scope bases are compatible with your specific firearm model.
- Regularly inspect the scope bases for any signs of wear or damage.
- Store the product in a dry, secure location away from children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque of 20 inch lbs when mounting the scope bases.
- Use a drop of blue loctite on the screws to prevent loosening during use.
- Ensure that the installation is performed by an individual knowledgeable in firearm accessories.
- Avoid using the scope bases in extreme weather conditions that may affect performance.
- If you experience any issues with the scope bases, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx wrench.
- Ensure your firearm is unloaded and safe to handle.

### 2. Installation:

- Locate the factory scope mount holes on the receiver of your Savage BMag.
- Align the EGW Savage BMag Scope Bases with the mount holes.
- Insert the provided socket head Torx screws into the holes.
- Tighten the screws to a torque of 20 inch lbs using the Torx wrench.
- Apply a drop of blue loctite to each screw to secure them in place.

### 3. Usage:

- Mount your Picatinny or Weaver scope rings onto the installed scope bases.
- Adjust the scope to achieve the desired eye relief.
- Ensure that all connections are secure before use.

## Disposal Instructions

- When disposing of the product, follow local regulations for electronic and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the appropriate contact resources available in your region.

By following these guidelines, you can ensure the safe and effective use of your EGW Savage BMag Scope Bases. Always prioritize safety and be informed about the proper handling of firearms and accessories. Thank you for your attention to these important safety instructions.
