

# **BROWNING AB3 SHORT ACTION PICATINNY SCOPE MOUNT - EGW**

## **BROWNING AB3 SA 1-PIECE PICATINNY BASE 0 MOA**

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

This mount comes standard with a bevel on both sides making it ambidextrous. EGW recommends measuring the hole spacing in your receiver to confirm it matches with the dimensions they have published. Picatinny cross slots run the full length of the rail, which gives the shooter flexibility when mounting scope rings and other accessories. The channel in the center reduces the overall mass of the mount. Also, in many cases, it will not obstruct usage of factory iron sights. Their one-piece scope mounts are the obvious choice for hunters and tactical shooters alike. They machine these in their shop using one of their machining centers. After machining, the mounts are tumbled, sand blasted, and Type II anodized for long lasting durability.

Installation: EGW recommends 20 inch lbs of torque and a drip of blue loctite (loctite is sold separately). They recommend: 0 MOA - if shooting 0-500 yards 20 MOA - if shooting 500-1000 yards When zeroing your rifle with a 20 MOA mount, they recommend zeroing at 200 yards. The entire mount and accessories (from the mounting screws and wrench down to the packaging) are made in the USA.

### **Attributes**

- Name: [EGW BROWNING AB3 SA 1-PIECE PICATINNY BASE 0 MOA](#)
- Manufacturer: [EGW](#)
- Product no.: 296000623
- Mfr. No.: 43403
- Action Type: Short
- Colour: Black
- Elevation: 0 MOA
- Material: Aluminum
- Model: AB3
- Number of Bases: 1-Piece
- Style: Picatinny Rail
- Weapon type: Browning
- Delivery weight: 0.091kg
- Shipping height: 25mm
- Shipping width: 102mm
- Shipping length: 229mm
- UPC: 841370114030

# BROWNING AB3 Short Action Picatinny Scope Mount Safety Instruction Guide

## Introduction

Thank you for choosing the BROWNING AB3 Short Action Picatinny Scope Mount. This guide provides essential safety instructions and information to ensure the safe and effective use of your scope mount. Please read this guide thoroughly before installation and use.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the scope mount as a nonfood product, following the guidelines provided.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. Consult the relevant authorities for any necessary remedies.
- **Online Shopping Protections:** If purchased online, ensure that the platform meets safety requirements similar to physical stores.
- **Consumer Focus:** Extra care should be taken to ensure that vulnerable groups, including children, are kept away from the product during installation and use.
- **EU Contact Point:** For safety inquiries, refer to the EUbased contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Keep updated on any unsafe product alerts through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid OverTightening:** When installing the mount, do not exceed the recommended torque of 20 inch lbs to prevent damage.
- **Use of Loctite:** Apply a drip of blue Loctite (sold separately) to the mounting screws to secure the mount properly.
- **Check Compatibility:** Measure the hole spacing in your receiver to ensure compatibility with the dimensions provided by the manufacturer.
- **Inspect Before Use:** Regularly inspect the mount and installation for any signs of wear or damage before use.
- **Use in Suitable Conditions:** Ensure that the mount is used in suitable environmental conditions to avoid potential hazards.
- **Follow Manufacturer Recommendations:** Adhere to the manufacturer's recommendations regarding MOA settings based on your shooting distance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and the appropriate mounting screws.
- Ensure you have blue Loctite available for securing screws.

### 2. Installation Steps:

- Measure the hole spacing in your receiver to confirm it matches the dimensions published by the manufacturer.
- Align the mount over the receiver holes.
- Insert the mounting screws through the mount into the receiver.
- Apply blue Loctite to the threads of each screw.
- Using a torque wrench, tighten each screw to 20 inch lbs. Do not overtighten.

### **3. Usage Instructions:**

- After installation, check the alignment of the scope.
- Adjust the scope to the desired settings based on the recommended MOA for your shooting distance:
  - 0 MOA for shooting 0500 yards.
  - 20 MOA for shooting 5001000 yards.
- Zero your rifle at 200 yards if using a 20 MOA mount.

### **4. Maintenance:**

- Regularly check the mount and screws for tightness and integrity.
- Clean the mount with a soft cloth to remove any dirt or debris.

## **Disposal Instructions**

- Dispose of the product and packaging in accordance with local regulations.
- Consider recycling materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the BROWNING AB3 Short Action Picatinny Scope Mount, please refer to the retailer or manufacturer's contact information provided at the time of purchase.
