

# HANDALL BEAVERTAIL GRIP SLEEVES - HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLK GLOCK 19/23/32/38 G3-4

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The new grip sleeves are designed to fit specific polymer pistols now on the market. The Beavertail Grip Sleeve line has been engineered with models for precision fits on specific firearms. The initial offerings in this series has sleeves designed for perfect fits on three sizes of polymer firearms. While each sleeve has been created for a precise fit on specific polymer framed firearms, they also alternatively fit many other similarly sized firearms with a fully functional and aesthetic fit. The Beavertail Grip Sleeves are installed by slipping them over the frame of the firearm until seated into perfect position. Once installed, the HandALL sleeve provides a single finger groove for instinctive handling of the firearm. The finger groove leads into a gentle palm swell that has been carefully designed to fit naturally in the hand. The beavertail built into the grip sleeve rises high along the backstrap of the frame giving full rubber contact with the hand allowing a higher hand-placement on the grip without the fear of the slide biting the skin between the thumb and the trigger finger. In addition to protection and comfort, the beavertail also cushions the hand during recoil. The HandALL is built from a long-lasting durable thermoplastic elastomer compound. This rubber ages very gracefully and keeps a firm, tacky feel throughout the life of the grip. It will not harden, split or crack with age or usage. The grip sleeve is textured with Hogue's familiar Cobblestone™ texture, a series of small circular bumps that provide an efficient non-slip, non-irritating grip on the rubber.

## Attributes

- Name: [HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLK GLOCK 19/23/32/38 G3-4](#)
- Manufacturer: [HOGUE](#)
- Product no.: 408000221
- Mfr. No.: 17040
- Ambidextrous Safety Cut: Yes
- Colour: Black
- Material: Rubber
- Model: 19,23,32,38,Gen 3,Gen 4
- Style: Textured
- Surface: Textured
- Weapon type: Glock
- Delivery weight: 0.059kg
- Shipping height: 38mm
- Shipping width: 114mm
- Shipping length: 203mm
- UPC: 743108170403

# HANDALL BEAVERTAIL GRIP SLEEVES Safety Instruction Guide

## Introduction

Thank you for choosing the HANDALL BEAVERTAIL GRIP SLEEVES. This product is designed to enhance the grip and comfort of your polymerframed firearms. This safety instruction guide provides essential information to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or removing the grip sleeve.
- Use the grip sleeve only on compatible models as specified in the product description.
- Keep the grip sleeve out of reach of children and vulnerable individuals to prevent accidental use.
- Regularly inspect the grip sleeve for wear and tear. Replace it if any damage is observed.
- Follow all local laws and regulations regarding firearms and accessories.

## Specific Safety Precautions for Use

- Ensure that the grip sleeve is properly fitted before using the firearm.
- Do not use the firearm with the grip sleeve if it is not securely in place.
- Be cautious of the beavertail design, which may rise high along the backstrap. Ensure your hand placement does not interfere with the slide during operation.
- Avoid using the grip sleeve in extreme temperatures, as this may affect the material's performance.
- If you experience any discomfort or issues while using the grip sleeve, discontinue use immediately.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Hold the grip sleeve and align it with the frame of the firearm.
- Slide the grip sleeve over the frame until it is seated in the correct position.
- Ensure that the finger groove and palm swell align comfortably with your hand.

### 2. Usage

- Grip the firearm firmly using the HandALL sleeve.
- Utilize the finger groove for instinctive handling.
- Maintain a secure grip during operation to prevent slippage.

## Disposal Instructions

- Dispose of the grip sleeve in accordance with local regulations for rubber products.
- Do not incinerate the grip sleeve, as it may release harmful substances when burned.
- If the grip sleeve is damaged or worn out, consider recycling options if available.

## Contact Information for Further Support

For any safety inquiries, product concerns, or additional information, please refer to the manufacturer's contact details provided with the product packaging or on their official website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your

HANDALL BEAVERTAIL GRIP SLEEVES. Thank you for your attention to safety.
