

# HANDALL BEAVERTAIL GRIP SLEEVES - HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLACK RUGER SECURITY 9

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The new grip sleeves are designed to fit specific polymer pistols now on the market. The Beavertail Grip Sleeve line has been engineered with models for precision fits on specific firearms. The initial offerings in this series has sleeves designed for perfect fits on three sizes of polymer firearms. While each sleeve has been created for a precise fit on specific polymer framed firearms, they also alternatively fit many other similarly sized firearms with a fully functional and aesthetic fit. The Beavertail Grip Sleeves are installed by slipping them over the frame of the firearm until seated into perfect position. Once installed, the HandALL sleeve provides a single finger groove for instinctive handling of the firearm. The finger groove leads into a gentle palm swell that has been carefully designed to fit naturally in the hand. The beavertail built into the grip sleeve rises high along the backstrap of the frame giving full rubber contact with the hand allowing a higher hand-placement on the grip without the fear of the slide biting the skin between the thumb and the trigger finger. In addition to protection and comfort, the beavertail also cushions the hand during recoil. The HandALL is built from a long-lasting durable thermoplastic elastomer compound. This rubber ages very gracefully and keeps a firm, tacky feel throughout the life of the grip. It will not harden, split or crack with age or usage. The grip sleeve is textured with Hogue's familiar Cobblestone™ texture, a series of small circular bumps that provide an efficient non-slip, non-irritating grip on the rubber.

## Attributes

- Name: [HOGUE HANDALL BEAVERTAIL GRIP SLEEVE BLACK RUGER SECURITY 9](#)
- Manufacturer: [HOGUE](#)
- Product no.: 408000224
- Mfr. No.: 17700

# Safety Instruction Guide for HANDALL BEAVERTAIL GRIP SLEEVES

## Introduction

Thank you for choosing the HANDALL BEAVERTAIL GRIP SLEEVES by HOGUE. This guide is designed to provide you with essential safety information and instructions for the proper use of this product. Please read this guide carefully to ensure safe handling and optimal performance.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using the grip sleeve.
- Regularly inspect the grip sleeve for any signs of wear or damage. If you notice any issues, discontinue use immediately.
- Keep the grip sleeve away from children and unauthorized users.
- Always handle firearms with care and ensure they are unloaded when installing or adjusting the grip sleeve.
- Be aware that improper installation or use of the grip sleeve may affect the handling and safety of your firearm.

## Specific Safety Precautions for Use

- Do not use the grip sleeve if it is damaged or has become loose.
- Ensure that the grip sleeve is securely seated on the firearm before use.
- Avoid exposing the grip sleeve to extreme temperatures or harsh chemicals, as this may affect its durability.
- The grip sleeve is designed for specific polymerframed firearms. Ensure compatibility with your firearm model before installation.
- If you experience discomfort or a poor grip while using the grip sleeve, discontinue use and consult a professional.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully remove the grip sleeve from its packaging.
- Align the grip sleeve with the frame of your firearm.
- Gently slip the grip sleeve over the frame until it is fully seated in the correct position.
- Ensure that the finger groove aligns with your natural grip for optimal handling.

### 2. Usage:

- Once installed, practice handling your firearm to become accustomed to the feel of the grip sleeve.
- Make sure your hand is placed securely on the grip sleeve, utilizing the finger groove and palm swell for comfort and control.
- Always follow safe firearm handling practices, keeping the muzzle pointed in a safe direction.

## Disposal Instructions

- When disposing of the grip sleeve, follow local regulations for the disposal of rubber and plastic materials.
- Do not incinerate the grip sleeve, as it may release harmful fumes.
- If the grip sleeve is no longer usable, consider recycling it if possible.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the HANDALL BEAVERTAIL GRIP SLEEVES, please refer to the contact details provided by the retailer or manufacturer. Ensure that you have the product's model and details ready for assistance.

By adhering to these guidelines, you can ensure a safe and enjoyable experience with your HANDALL BEAVERTAIL GRIP SLEEVES. Thank you for your attention to safety!
