

# SEMI-AUTO PISTOL GRIPS - HOGUE RU/SL FITS SIG P226

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

## Hand-Filling, Versatile Designs In Rubber & Wood

Hand-filling grips help absorb recoil by spreading the shock over a wider area of the hand. Finger groove models for semi-autos tighten the grip upward, into the triggerguard for better recoil control. All wood grips are cut from imported, select grades of hardwood. Molded rubber grips cushion recoil. Non-slip, pebble finish. 1911 Auto checkered grips are Double Diamond pattern.

## Attributes

- Name: [HOGUE RU/SL FITS SIG P226](#)
- Manufacturer: [HOGUE](#)
- Product no.: 408602226
- Mfr. No.: 26010
- Colour: Black

# Safety Instruction Guide for SEMIAUTO PISTOL GRIPS HOGUE RU/SL FITS SIG P226

## Introduction

Thank you for choosing the SEMIAUTO PISTOL GRIPS HOGUE RU/SL for your SIG P226. This guide provides essential safety information and instructions to ensure proper use and maintenance of your pistol grips. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the grips are compatible with your firearm model (SIG P226).
- Always handle your firearm safely and responsibly, following all local laws and regulations.
- Inspect the grips regularly for any signs of wear or damage. Do not use if damaged.
- Keep the grips clean and free from dirt or debris to maintain their effectiveness.
- Store your firearm and grips in a secure location, away from children and unauthorized users.

## Specific Safety Precautions for Use

- **Recoil Management:** The handfilling design of the grips is intended to absorb recoil. Ensure a firm grip to maximize control during firing.
- **Finger Grooves:** The finger groove models are designed to enhance grip stability. Ensure your fingers fit comfortably within the grooves for optimal control.
- **Material Safety:** The grips are made from rubber and wood. If you have allergies to these materials, consult with a healthcare professional before use.
- **NonSlip Surface:** The pebble finish provides a nonslip grip. Ensure your hands are dry when using the firearm to maintain grip effectiveness.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Firearm:** Ensure that the firearm is unloaded and pointed in a safe direction.
2. **Remove Old Grips:** If applicable, carefully remove the existing grips from your SIG P226 by unscrewing the grip screws.
3. **Align New Grips:** Position the HOGUE grips onto the frame of the firearm, ensuring proper alignment with the screw holes.
4. **Secure the Grips:** Insert and tighten the screws to secure the grips firmly in place. Do not overtighten to avoid damaging the grips or the firearm.
5. **Final Check:** Inspect the installation to ensure that the grips are securely attached and do not interfere with the operation of the firearm.

### Usage

- Always ensure the firearm is pointed in a safe direction when handling.
- Maintain a firm grip on the pistol while firing to benefit from the recoil absorption features of the grips.
- Regularly practice safe firearm handling techniques to enhance your proficiency and safety.

## Disposal Instructions

- Dispose of any damaged or worn grips in accordance with local regulations.
- If the grips are made from wood, consider recycling options if available in your area.
- Do not dispose of grips in regular household waste if they are in a condition that could pose a safety

hazard.

## Contact Information for Further Support

For any inquiries regarding the SEMIAUTO PISTOL GRIPS HOGUE RU/SL or safety concerns, please refer to the manufacturer's contact information provided with your product.

**Note:** This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR). Please ensure you follow all guidelines to maintain safety while using your product.
