

# BUNGEE RETENTION KIT - SPIRITUS SYSTEMS BUNGEE RETENTION KIT - COYOTE BROWN

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

The Revic FH1 Fluid Head is extremely compact and lightweight, combining beautiful design and ergonomic functionality. The aircraft-grade CNC machined and hard anodized aluminum components offer excellent smoothness, stability and durability. The compact size and ease of operation make it ideally suited for field work where size, weight and durability are key. The Bungee Retention Kit is a simple way to add an additional layer of retention to magazines. Simply route the shock cord through the tabs and secure the two running ends with a square knot. Sold in a set of 3.

# Bungee Retention Kit Safety Instructions

## Introduction

Thank you for purchasing the Bungee Retention Kit from Spiritus Systems. This product is designed to enhance the retention of magazines, providing an additional layer of security during use. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure safe use of the Bungee Retention Kit by following all instructions provided.
- Be aware of potential hazards associated with improper use or installation.
- Always check for any visible damage before using the product.
- Keep the product out of reach of children to prevent accidental harm.
- Regularly inspect the bungee cords for wear and tear, and replace them if necessary.

## Specific Safety Precautions for Use

- Do not use the Bungee Retention Kit for purposes other than intended.
- Avoid using the product in extreme weather conditions, as this may affect its performance.
- Ensure that the shock cord is securely fastened to prevent accidental release during use.
- Use caution when handling the product to avoid pinching or injury from the cords.
- If you experience any issues while using the product, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Identify the tabs on your magazines where the bungee cords will be routed.
- Take the shock cord and route it through the tabs, ensuring it is threaded securely.
- Once the shock cord is routed, secure the two running ends together using a square knot.
- Doublecheck that the knot is tight and that the bungee is properly secured.

### 2. Usage:

- After installation, test the retention by gently pulling on the magazine to ensure it is held securely.
- If the retention feels loose or unstable, recheck your installation and make any necessary adjustments.
- Regularly monitor the condition of the bungee cords and replace them if any signs of wear are present.

## Disposal Instructions

- Dispose of the Bungee Retention Kit in accordance with local regulations.
- If the product is no longer usable, consider recycling components where possible.
- Do not dispose of the product in regular household waste if it can be recycled.

## Contact Information for Further Support

For any questions or concerns regarding the Bungee Retention Kit, please reach out to the manufacturer or authorized distributor for assistance. Ensure you have your product information available for a quicker response.

## Conclusion

By following these safety instructions, you can ensure the safe and effective use of the Bungee Retention Kit. Always prioritize safety and stay informed about the product's condition and performance. Thank you for choosing Spiritus Systems, and enjoy your product!
