

# MOLLE HOOK & LOOP CUMMERBUND (SIZE 2), COYOTE BROWN

[Home](#)

NOTE: This LV/119 Cumberbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cumberbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cumberbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cumberbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cumberbund. The Hook & Loop MOLLE Cumberbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cumberbund Attachment The cumberbund attachment is a proprietary system that allows for the use of all of our cumberbunds, as well as allowing for a wide range of adjustment. The cumberbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cumberbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cumberbund. NOTE: The LV119 Cumberbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

## Attributes

# MOLLE Hook & Loop Cumberbund Safety Instructions

## Introduction

Thank you for choosing the MOLLE Hook & Loop Cumberbund (Size 2), Coyote Brown. This product is designed to enhance your load carriage capabilities while ensuring safety and comfort. Please read this safety instruction guide carefully to ensure proper usage and to maximize your safety.

## General Safety Guidelines

- Ensure that the cumberbund is used only with compatible LV/119 plate bags.
- Regularly inspect the cumberbund for any signs of wear or damage before each use.
- Follow proper sizing guidelines to ensure a secure and comfortable fit.
- Store the cumberbund in a cool, dry place away from direct sunlight to prevent material degradation.
- Keep the cumberbund out of reach of children and vulnerable individuals.

## Specific Safety Precautions for Use

- **Attachment Method:** The cumberbund uses a proprietary attachment system. Do not attempt to modify or replace this system as it may compromise safety.
- **Weight Distribution:** Ensure that the cumberbund is used within its weight limits. Excessive weight may lead to failure of the attachment system.
- **Clothing Considerations:** When measuring for size, wear clothing similar to what you would normally wear while using the product, especially in variable climates.
- **Avoid Hook & Loop Wear:** Do not rely on Hook & Loop as the sole attachment method, especially on the rear plate bag, as it can wear out over time and may not support heavy loads effectively.
- **Snag Prevention:** Be cautious when exiting vehicles or moving through tight spaces to avoid snagging the cumberbund on objects.

## Instructions for Installation and Usage

### 1. Sizing:

- Measure your waist at the belly button while wearing typical clothing.
- Use the following size guidelines: Size 1: 28" to 42" Size 2: 40" to 54"
- If your waist measurement is at the upper limit of Size 1 (42"), it is recommended to choose Size 2.

### 2. Attachment:

- Insert the cumberbund inside the plate bag.
- Ensure that the attachment points are secure and that the cumberbund is properly aligned.

### 3. Adjusting Fit:

- Adjust the cumberbund to achieve a snug fit. Ensure that it is comfortable and does not restrict movement.
- Check that the cumberbund does not interfere with any gear or accessories you may be using.

### 4. Usage:

- Wear the cumberbund under clothing to maintain a smooth profile.

- Be mindful of the cummerbund during activities to prevent snagging or damage.

## **Disposal Instructions**

- When disposing of the cummerbund, ensure it is done in accordance with local regulations regarding textile waste.
- Consider recycling the materials if possible, to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the MOLLE Hook & Loop Cummerbund, please refer to the EU contact point or relevant local authorities. Additionally, stay informed about product recalls and safety updates through the EU's Safety Gate platform.

This guide is intended to provide essential safety information for the proper use of the MOLLE Hook & Loop Cummerbund. Following these guidelines will help ensure a safe and effective experience with your product.
