The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

## Safety Instructions

### Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguard for your AR15. This product is designed to enhance the performance and aesthetics of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper installation, usage, and disposal of the handguard.

### General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or handling the handguard.
- Use the handguard only with compatible AR15 models as specified in the product description.
- Follow all local, state, and national laws regarding firearm modifications and usage.
- Keep the handguard and all related components out of reach of children and unauthorized users.
- Regularly inspect the handguard and mounting hardware for signs of wear or damage.
- In case of any malfunction or if the handguard appears compromised, cease use immediately and consult a qualified gunsmith.

### Specific Safety Precautions for Use

- Ensure that the installation area is clean and free from debris to prevent contamination of the firearm.
- Use appropriate protective gear, such as safety glasses and gloves, during installation.
- Do not exceed the manufacturer's specified weight limits for attachments on the handguard.
- Avoid using the handguard in extreme temperatures or adverse weather conditions that may affect its integrity.
- Be aware of the handguard's sharp edges during handling to prevent cuts or injuries.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools for installation, including a torque wrench and the provided mounting hardware.
- Ensure that the firearm is unloaded and in a safe working condition.

#### 2. Installation:

- Remove the existing handguard from the AR15 by loosening the mounting screws.
- Align the ATLAS RONE handguard with the barrel nut and ensure it fits securely.
- Use the provided turnbuckle screw to tighten the handguard, ensuring even pressure is applied across the mounting points.
- Check that the ratcheting detent is engaged for a secure fit.
- Reinstall any additional components as necessary.

#### 3. Usage:

- Once installed, familiarize yourself with the handguard's features, including the full top picatinny rail and quick disconnect sling sockets.
- Ensure that all accessories mounted on the handguard are securely fastened and do not obstruct the operation of the firearm.

#### 4. PostInstallation Check:

- After installation, perform a function check of the firearm to ensure everything operates correctly.
- It is recommended to conduct a test fire in a controlled environment to verify the handguard's performance.

## **Disposal Instructions**

- When disposing of the ATLAS RONE handguard, follow local regulations regarding the disposal of aluminum materials.
- If the handguard is damaged beyond repair, consider recycling it at an appropriate facility.
- Ensure that any mounting hardware is also disposed of properly to prevent accidental use.

## **Contact Information for Further Support**
