

ATLAS R-ONE M-LOK FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION ATLAS R-ONE 16.6" HANDGUARD M-LOK FREE FLOAT FOR AR-15 FDE

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

ATLAS RONE MLOK Free Floating Handguards

Safety Instructions

Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguards for your AR15. This safety instruction guide is designed to ensure the safe use and installation of your product. Please read and follow these instructions carefully to avoid any hazards and to maximize the performance of your handguard.

General Safety Guidelines

- Ensure that the handguard is installed by a qualified gunsmith or experienced individual familiar with firearm modifications.
- Always follow local laws and regulations regarding firearm modifications and accessories.
- Inspect the handguard and all mounting hardware for any signs of damage before installation.
- Keep the handguard and all related components out of reach of children and unauthorized individuals.
- Use protective eyewear when handling or installing the handguard.
- Do not use the handguard if it shows signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before beginning any installation or modification.
- Always check the compatibility of the ATLAS RONE handguard with your specific AR15 model.
- Do not exceed the weight limit of the handguard by adding excessive accessories.
- Avoid using the handguard in extreme conditions that may compromise its integrity (e.g., extreme heat or cold).
- Ensure that the handguard is securely mounted before using the firearm.
- Be aware of the handguard's heat during operation, as it may become hot and cause burns.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components including the ATLAS RONE handguard, mounting hardware, and a torque wrench.

2. Installation Steps:

- **Remove the Existing Handguard:**
 - Unload the firearm and ensure it is safe to work on.
 - Remove any existing handguard by loosening the mounting screws and sliding it off the barrel.
- **Install the Barrel Nut:**
 - Install the provided barrel nut onto the upper receiver.
 - Use a torque wrench to tighten the barrel nut to the manufacturer's specifications.
- **Attach the Handguard:**
 - Slide the ATLAS RONE handguard over the barrel nut.
 - Align the handguard with the upper receiver and secure it using the provided locking nuts.
 - Ensure that the handguard is properly seated and that all screws are tightened securely.
- **Final Check:**
 - Inspect the installation to ensure there are no gaps between the handguard and the upper receiver.

- Confirm that all screws are tightened to the correct specifications.

3. Usage:

- Once installed, the handguard can be used for mounting accessories such as lights, grips, and bipods.
- Regularly check the tightness of the handguard and mounting hardware to ensure safe operation.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the handguard is damaged beyond repair, follow local guidelines for the disposal of aluminum materials.
- Do not dispose of the handguard in regular household waste if it is still functional; consider recycling options.

Contact Information for Further Support

For any questions or concerns regarding the ATLAS RONE handguard, please refer to the manufacturer's website or contact their customer support for assistance. Always ensure that you have the most up to date information regarding safety recalls and product updates.

By adhering to these safety instructions, you can ensure the safe and effective use of your ATLAS RONE MLOK Free Floating Handguards. Thank you for your attention to safety and for choosing Aero Precision products.
