

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC. 6 GT MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6 GT MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102680
- Mfr. No.: U00042

# ULTRA™ MICROMETER SEATER DIES SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before use to familiarize yourself with the necessary precautions and instructions.

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose: bullet seating for the 6 GT cartridge.
- Always work in a wellventilated area to avoid inhaling any dust or fumes generated during reloading.
- Keep the workspace clean and organized to reduce the risk of accidents.
- Store the dies in a secure location, out of reach of children and pets.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading materials.

## Specific Safety Precautions for Use

- Inspect the die for any visible damage before use. Do not use if damaged.
- Follow all manufacturer instructions for setup and operation.
- Do not exceed the recommended bullet seating depth adjustments to avoid damaging the die or cartridges.
- Ensure that the micrometer adjustment is securely locked in place before use to prevent accidental changes in seating depth.
- Be cautious when switching bullets; ensure the micrometer is properly adjusted to prevent incorrect seating.
- Always keep hands and fingers clear of moving parts during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the ULTRA™ MICROMETER SEATER DIE to your reloading press according to the manufacturer's instructions.
- Ensure the die is tightened properly to prevent movement during use.

### 2. Usage:

- Adjust the micrometer to the desired bullet seating depth. Use increments of .0005 inch to .001 inch as needed.
- Insert the bullet into the case and position it under the die.
- Pull the handle of the reloading press to seat the bullet. Ensure that the bullet is seated correctly.
- After seating, check the bullet depth using a caliper to ensure accuracy.
- If adjustments are necessary, unlock the micrometer, make the adjustment, and lock it back in place.

## Disposal Instructions

- Dispose of any unused or damaged reloading materials in accordance with local regulations.
- Do not throw away the die with regular household waste. Check with local recycling centers for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the ULTRA™ MICROMETER SEATER DIES, please refer to the official Forster Products, Inc. website or contact their customer service for assistance.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective reloading experience with the ULTRA™ MICROMETER SEATER DIES. Always prioritize safety and adhere to the guidelines provided in this manual. Thank you for choosing Forster Products, Inc. for your reloading needs.
