

ATLAS S-ONE M-LOK FREE FLOATING HANDGUARD FOR AR-15 - AERO PRECISION ATLAS S-ONE 14.94" HANDGRD M-LOK FREE FLOAT FOR AR-15 ODGCER

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

Safety Instruction Guide for ATLAS SONE MLOK Free Floating Handguard for AR15

Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for AR15. This guide is designed to ensure your safe and effective use of this product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use.

General Safety Guidelines

- **Product Safety:** This handguard is designed for safe use on AR15 platforms. Ensure that you follow all safety guidelines to avoid risks.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions provided for a remedy.
- **Online Shopping:** If you purchased this product online, ensure that the platform complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, consult your local EU contact point.
- **Rapid Alerts:** Check the EU's Safety Gate platform regularly for updates on product safety.

Specific Safety Precautions for Use

- **Inspection:** Before installation, inspect the handguard for any visible damage or defects.
- **Compatibility:** Ensure compatibility with your AR15 upper receiver. This handguard is not compatible with M4E1 Enhanced Upper Receivers.
- **Installation:** Follow the installation instructions carefully to avoid improper fitting, which may lead to safety hazards.
- **Weight Limit:** Be aware of the weight limits of your setup. Ensure that the handguard does not exceed the weight capacity of your rifle.
- **Usage:** Always handle firearms responsibly. Ensure the firearm is unloaded when installing or adjusting the handguard.

Instructions for Installation and Usage

1. **Gather Necessary Tools:** You will need the following tools for installation:

- Torque wrench
- Allen wrench (included with the handguard)
- Screwdriver

2. **Installation Steps:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing handguard by loosening the screws and sliding it off.
- Align the ATLAS SONE handguard with the upper receiver.
- Secure the handguard using the provided hardware.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque settings.
- Check for proper alignment and stability.

3. **Usage:**

- Once installed, familiarize yourself with the handguard features, including the picatinny rails and quick disconnect sling sockets.
- Regularly check the handguard for any signs of wear or loosening during routine maintenance.

Disposal Instructions

- **Recycling:** Dispose of the handguard in accordance with local recycling regulations. The aluminum material is recyclable.
- **Hazardous Waste:** If any components are damaged, dispose of them as hazardous waste according to local guidelines.

Contact Information for Further Support

For any questions or concerns regarding the ATLAS SONE MLOK Free Floating Handguard, please consult your local retailer or the manufacturer's support channels for assistance.

Thank you for your attention to these safety guidelines. Enjoy your new ATLAS SONE handguard responsibly!
