

AR-15 MK14 SUPER MODULAR RAIL HANDGUARD - GEISSELE AUTOMATICS MK14 10.5" SUPER MODULAR RAIL M-LOK COMPATIBLE DDC

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Narrow Profile for a Comfortable Hold - Plenty of Accessory Mounting Possibilities

The Geissele MK14 Super Modular Rail tactical AR-15 handguard has a slim cross-section that makes it ideal for shooters who use rail covers and/or a vertical grip - and who also employ the thumb-over-the-bore support hand grasp. Similar to their MK13 SMR, the Geissele MK14 delivers acres of real estate for mounting accessories, with M-LOK slots running the handguard's full length at the 3, 6, and 9 o'clock positions. The MK14 Super Modular Rail also sports an uninterrupted Picatinny rail running the full length of the top. Geissele even thoughtfully includes sockets for QD pushbutton sling swivels at the 11 and 1 o'clock positions at the rear. Strong & lightweight machined 6061 T6 aluminum Barrel Nut Wrench no longer included with the handguards. Type III hardcoat anodized Available in basic Black or Geissele's Desert Dirt Color (DDC) Proprietary free-float barrel nut included Geissele also engineered the MK14 Super Modular Rail handguard to free-float the barrel using their easy-to-install proprietary barrel nut. The nut is 2.25" long, so there's plenty of surface area for secure, rigid, straight anchoring of the handguard in place. Please note that a gas block is no longer included with these handguards.

Safety Instruction Guide for the AR15 MK14 Super Modular Rail Handguard

Introduction

Thank you for choosing the Geissele MK14 Super Modular Rail Handguard. This product is designed for use with the AR15 platform and provides a secure and versatile mounting solution for accessories. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the handguard.

General Safety Guidelines

- Ensure that the handguard is compatible with your AR15 model before installation.
- Always wear appropriate personal protective equipment (PPE) when handling firearms and accessories.
- Keep the handguard and all related accessories out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm modifications and accessories.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Ensure the firearm is unloaded and the chamber is clear before installation.
 - Use proper tools as specified in the installation instructions to avoid injury.
- **Handling:**
 - Always treat your firearm as if it is loaded.
 - Do not point the firearm at anything you do not intend to shoot.
- **Use of Accessories:**
 - Only use accessories that are compatible with the MLOK system and the specifications of the handguard.
 - Ensure all accessories are securely attached to prevent any accidents during use.
- **Sling Attachment:**
 - When using the QD pushbutton sling swivels, ensure they are securely fastened to avoid accidental detachment.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Gather all necessary tools, including a barrel nut wrench (note: the handguard does not include one).
- Ensure you are in a clean and safe environment to work on your firearm.

2. Remove the Old Handguard:

- Unload your firearm and clear the chamber.

- Remove any existing handguard according to the manufacturer's instructions.

3. Install the Barrel Nut:

- Install the proprietary barrel nut included with the handguard. It is designed to freefloat the barrel.
- Use the barrel nut wrench to secure the barrel nut in place, ensuring a tight fit.

4. Attach the Handguard:

- Slide the MK14 Super Modular Rail handguard over the barrel nut.
- Align the handguard with the mounting points and secure it according to the provided instructions.

5. Check Stability:

- Once installed, check that the handguard is securely attached and does not move or rotate.

Usage Instructions

- Use the handguard to mount accessories as needed, utilizing the MLOK slots at the 3, 6, and 9 o'clock positions.
- Ensure that any mounted accessories do not obstruct access to the firearm's controls.
- Always perform a function check after installation to ensure everything operates correctly.

Disposal Instructions

- Dispose of the handguard responsibly at the end of its life cycle.
- Follow local regulations for disposing of aluminum and other materials.
- Do not dispose of the handguard in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the use of the AR15 MK14 Super Modular Rail Handguard, please refer to the manufacturer's website or contact their customer support team. It is vital to have access to support for safe and effective use of your product.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Geissele MK14 Super Modular Rail Handguard. Always prioritize safety and be aware of your surroundings when handling firearms and accessories.
