

ATLAS S-ONE M-LOK FREE FLOATING HANDGUARD FOR AR-15 - AERO PRECISION ATLAS S-ONE 14.94" HANDGRD M-LOK FREE FLOAT FOR AR-15 ODGANO

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

ATLAS SONE MLOK Free Floating Handguard Safety Instruction Guide

Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This guide provides essential safety instructions, installation details, and usage precautions to ensure safe handling and operation of the product. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that the ATLAS SONE Handguard is installed correctly to prevent accidents or malfunctions.
- Always handle firearms with care and treat every firearm as if it were loaded.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly check for signs of wear or damage to the handguard and other firearm components.
- Do not use the handguard with incompatible upper receivers, specifically the M4E1 Enhanced Upper Receiver.
- Always follow local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

- When installing the handguard, ensure that all hardware is properly secured to avoid loosening during use.
- Avoid overtightening any screws or fittings, as this may cause distortion or damage to the handguard.
- Use only compatible accessories with the MLOK system to ensure proper fit and safety.
- Do not exceed the recommended weight limits for accessories mounted on the handguard.
- Be aware of the handguard's temperature during use; it may become hot after prolonged firing.
- Always wear appropriate personal protective equipment (PPE), such as eye protection and hearing protection, while using firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and safe to work on.
- Gather all necessary tools and hardware, including the mounting hardware provided with the ATLAS Handguard.

2. Installation Steps:

- Remove the existing handguard from your AR15 upper receiver.
- Align the ATLAS Handguard with the upper receiver, ensuring that the indexing grooves are properly positioned.
- Secure the handguard using the provided tapered locking nuts and turnbuckle screw, ensuring even clamping pressure.
- Use the ratcheting detent to secure the handguard in place during installation.
- Doublecheck that all screws and fittings are tight but not overtightened.

3. Usage:

- Regularly inspect the handguard for any signs of wear, damage, or loosening.
- Ensure that all accessories mounted on the handguard are secure and do not interfere with the operation of the firearm.

- Familiarize yourself with the handguard's features, including the front and rear picatinny rails and quick disconnect sling sockets.

Disposal Instructions

- Dispose of the ATLAS SONE Handguard in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the handguard in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For further inquiries regarding the ATLAS SONE Handguard, including safety concerns or product support, please reach out to the manufacturer's customer service or consult the product documentation provided.

By following the guidelines outlined in this safety instruction guide, you can ensure safe and effective use of the ATLAS SONE MLOK Free Floating Handguard. Thank you for your attention to safety and for choosing Aero Precision products.
