[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

## Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

# ATLAS SONE MLOK Free Floating Handguard Safety Instructions

## Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This guide provides essential safety instructions to ensure the proper and safe use of your handguard. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure the handguard is compatible with your specific AR15 model.
- Always handle firearms with care and ensure they are unloaded when installing or adjusting components.
- Keep the handguard and all accessories out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- **Installation Safety:**
  - Use appropriate tools when installing the handguard to avoid injury.
  - Avoid overtightening the mounting hardware, as this may lead to damage or deformation.
- **Operational Safety:**
  - Ensure the firearm is in a safe condition before attaching or detaching the handguard.
  - Do not use the handguard if it shows signs of damage or improper fit.
- **Environmental Safety:**
  - Avoid exposing the handguard to extreme temperatures or corrosive substances.
  - Store the handguard in a dry, cool place when not in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have all necessary tools and parts before beginning installation.
- Read the installation instructions thoroughly.

### 2. Installation Steps:

- Remove the existing handguard from your AR15 by loosening and removing the mounting screws.
- Align the ATLAS SONE handguard with the barrel nut and receiver.
- Insert the provided mounting hardware through the handguard and into the receiver.
- Tighten the mounting screws evenly to ensure proper fit without overtightening.

### 3. Usage:

- Once installed, check the handguard for secure attachment before using the firearm.
- Utilize the features of the handguard, such as the MLOK attachment points, for mounting accessories.

### 4. PostUse Maintenance:

- Clean the handguard with a soft cloth to remove dirt and debris after use.
- Inspect the handguard regularly for any signs of wear or damage.

## **Disposal Instructions**

- Dispose of the handguard in accordance with local regulations.
- If the handguard is damaged beyond repair, consider recycling materials where applicable.

## **Contact Information for Further Support**

For inquiries regarding safety, installation, or product performance, please refer to the manufacturer's contact resources provided with your purchase.

By following these guidelines, you can ensure the safe and effective use of your ATLAS SONE MLOK Free Floating Handguard. Thank you for prioritizing safety in your firearm practices.
