

MS1 LITE SLINGS - MAGPUL MS1 LITE SLING BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The MS1 Lite Sling is a compact version of the versatile MS1 rifle sling. Magpul created a custom woven 1" wide single-ply webbing to drastically reduce extra bulk and offer a high-strength, streamlined sling that avoids snagging. The custom weave resists rolling and twisting, keeping the MS1 Lite consistently comfortable while maintaining the no-pill and anti-chafe characteristics that Magpul slings are known for. The smaller size also allows for easier stowage in tight, snag-prone areas such as cases, racks, and weapon safes. Optimized for minimal bulk while maintaining maximum strength, a more compact MS1 slider was designed specifically for this sling. It provides rapid adjustments to either lengthen or shorten the sling with no slipping once it's set, with no tails, loops, or other potential snag hazards. The MS1 Lite allows easy shoulder transitions, rapid adjustability for hands-free rifle carry, and shooting support from various positions. The MS1 Lite is ideal for lightweight or smaller-form firearms. The MS1 system also has a series of adapters that are sold separately and based on the MS3® and MS4® slings. By adding the appropriate adapter for the sling (such as our Paraclip™, QDM, or QD Sling Swivel), you can easily configure your MS1 for your fit and carry needs. Even with the MS1 Lite's smaller size, Magpul made sure it performs just as well as its larger predecessors. They put it through the same rigorous controlled lab and field tests to ensure it can stand up to the wet, dry, and sandy conditions you encounter when hunting, working, at the range, and everywhere in between. Made in the USA Lightweight with minimal bulk to stow easily Custom anti-chafe, 1" wide, single-ply webbing minimizes rolling and twisting Custom 1" Slider minimizes size and maintains strength Lightweight yet durable hardware made of heavy-duty polymer

Attributes

- Name: [MAGPUL MS1 LITE SLING BLACK](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 430104298

MS1 Lite Sling Safety Instruction Guide

Introduction

Thank you for choosing the MS1 Lite Sling by Magpul. This guide provides essential safety instructions and guidelines to ensure the safe use of the sling. Please read this document carefully before using the product to avoid any potential hazards.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose, which is to carry firearms securely.
- Regularly inspect the sling for any signs of wear or damage before each use.
- Keep the sling away from children and unauthorized users.
- Do not exceed the weight limit of the sling, which is designed for lightweight and smaller form firearms.
- Always make sure the sling is properly adjusted to fit your body securely.
- Avoid using the sling in wet or sandy conditions unless necessary, as this may affect its performance.
- Report any unsafe conditions or accidents related to the sling to the relevant authorities.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or adjusting the sling.
- When transitioning the sling from one shoulder to another, be aware of your surroundings to prevent accidents.
- Avoid placing the sling near any sharp objects that could cause damage.
- Never attempt to modify or repair the sling yourself. Contact a qualified professional for any repairs.
- Ensure that the sling is free from any obstructions that may interfere with its operation.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate attachment points on your firearm.
- Attach the sling using the recommended adapters (such as Paraclip™, QDM, or QD Sling Swivel) to ensure a secure fit.
- Make sure the attachments are locked in place and cannot be easily detached.

2. Adjustment:

- To lengthen or shorten the sling, pull on the slider until the desired length is achieved.
- Ensure that the slider is securely set to prevent slipping during use.

3. Usage:

- When carrying the firearm, ensure that the sling is comfortably positioned on your shoulder.
- For handsfree carry, adjust the sling to allow for quick transitions between shooting positions.
- When not in use, stow the sling in a safe and secure location to prevent damage.

Disposal Instructions

- Dispose of the sling in accordance with local regulations for textile and polymer materials.
- Do not incinerate the sling, as this may release harmful substances.
- If the sling is damaged beyond use, consider recycling the materials where possible.

Contact Information for Further Support

For any safety inquiries or further support regarding the MS1 Lite Sling, please contact Magpul directly through their official website or customer service channels.

Thank you for prioritizing safety while using the MS1 Lite Sling. Enjoy your experience with this highquality product.
