

SAVAGE AXIS SHORT ACTION HUNTER LITE STOCKS - MAGPUL HUNTER LITE ADJUSTABLE STOCK FOR SAVAGE AXIS SA FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The Hunter Lite – Savage AXIS Short Action is a purpose-built hunting stock that is designed for Savage AXIS rifles chambered in short action calibers. The Hunter Lite streamlines our original Hunter Stocks to reduce the weight, streamline the dimensions, and provide a fully-featured upgrade for those who want a hunting rifle that won't weigh them down during their outdoor pursuits. The result is a stock that weighs 20% less and has a forend that's almost 25% narrower than the original Hunter line. Featuring enhanced ergonomics, the Hunter Lite Stock– Savage AXIS Short Action is compatible with both right and left-hand rifles by simply swapping out an inlet insert on the stock. The aluminum V-bedding block features reinforced steel pillars to prevent compression and deformation while shooting. The buttstock and forend have integral sling swivel studs for use with a variety of slings and bipods. The buttstock has removable half-inch spacers for LOP adjustment and snap-on cheek risers with adjustable comb height. An enlarged trigger guard allows comfortable use with gloves and allows access to the ambidextrous magazine release. The magazine well features stamped steel over-insertion tabs to ensure repeatable proper presentation of the magazine under use. The forend features multiple M-LOK slots to accommodate your choice of M-LOK accessories and is compatible with barrel profiles up to Medium Palma. Made in the USA Extruded aluminum V-bedding block Steel action screw pillars Right and left-hand configurable by the end user by swapping out inlet insert Accommodates barrel profiles up to Medium Palma AICS-Compatible Magazine Well Stamped steel magazine over-insertion stops Ambidextrous magazine release paddle Enlarged trigger guard for use with gloves Removable 1/2" buttstock Spacers for adjustable LOP, 13"-15" Snap-on 3/8" Cheek Riser for adjustable comb height Sling swivel studs on buttstock and forend M-LOK slots on forend

Safety Instruction Guide for MAGPUL Hunter Lite Adjustable Stock for Savage AXIS

Introduction

Thank you for choosing the MAGPUL Hunter Lite Adjustable Stock for Savage AXIS. This product is designed to enhance your hunting experience while ensuring safety and compliance with EU regulations. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

General Safety Guidelines

- Ensure safe handling and use of the product to avoid accidents.
- Always follow local laws and regulations regarding firearms and accessories.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the stock for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using firearms.
- Ensure the firearm is unloaded before attaching or detaching the stock.
- Avoid using the stock in wet or slippery conditions to prevent loss of grip.
- Do not exceed the manufacturer's specified weight limits for accessories attached to the stock.
- Ensure the stock is securely attached to the firearm before use.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation of the Stock:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from the Savage AXIS rifle by unscrewing the action screws.
- Align the MAGPUL Hunter Lite Stock with the rifle's action and secure it using the provided action screws.
- Tighten the screws to the manufacturer's specifications to ensure a secure fit.

2. Adjusting Length of Pull (LOP):

- Remove the buttstock from the rifle.
- Use the removable halfinch spacers to adjust the length of pull as needed (13" to 15").
- Reattach the buttstock securely to the rifle.

3. Cheek Riser Adjustment:

- Attach the snapon 3/8" cheek riser to the buttstock.
- Adjust the height of the riser to ensure a comfortable cheek weld when aiming.

4. Using Sling Swivel Studs:

- Attach your chosen sling to the integral sling swivel studs located on the buttstock and forend.
- Ensure that the sling is secure and does not interfere with the operation of the rifle.

5. Using MLOK Accessories:

- Choose compatible MLOK accessories and align them with the MLOK slots on the forend.
- Follow the manufacturer's instructions for securing the accessories.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding plastic and metal waste.
- If the product is damaged or no longer in use, consider recycling components where possible.
- Do not dispose of the product in general waste if it contains any hazardous materials.

Contact Information for Further Support

For any inquiries or additional support regarding the MAGPUL Hunter Lite Adjustable Stock for Savage AXIS, please refer to the product packaging or visit the manufacturer's website for more information.

Thank you for prioritizing safety and compliance while enjoying your hunting experience with the MAGPUL Hunter Lite Adjustable Stock.
