

# SAVAGE AXIS SHORT ACTION HUNTER LITE STOCKS - MAGPUL HUNTER LITE ADJUSTABLE STOCK FOR SAVAGE AXIS SA ODG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The Hunter Lite - Savage AXIS Short Action is a purpose-built hunting stock that is designed for Savage AXIS rifles chambered in short action calibers. The Hunter Lite streamlines our original Hunter Stocks to reduce the weight, streamline the dimensions, and provide a fully-featured upgrade for those who want a hunting rifle that won't weigh them down during their outdoor pursuits. The result is a stock that weighs 20% less and has a forend that's almost 25% narrower than the original Hunter line. Featuring enhanced ergonomics, the Hunter Lite Stock- Savage AXIS Short Action is compatible with both right and left-hand rifles by simply swapping out an inlet insert on the stock. The aluminum V-bedding block features reinforced steel pillars to prevent compression and deformation while shooting. The buttstock and forend have integral sling swivel studs for use with a variety of slings and bipods. The buttstock has removable half-inch spacers for LOP adjustment and snap-on cheek risers with adjustable comb height. An enlarged trigger guard allows comfortable use with gloves and allows access to the ambidextrous magazine release. The magazine well features stamped steel over-insertion tabs to ensure repeatable proper presentation of the magazine under use. The forend features multiple M-LOK slots to accommodate your choice of M-LOK accessories and is compatible with barrel profiles up to Medium Palma. Made in the USA Extruded aluminum V-bedding block Steel action screw pillars Right and left-hand configurable by the end user by swapping out inlet insert Accommodates barrel profiles up to Medium Palma AICS-Compatible Magazine Well Stamped steel magazine over-insertion stops Ambidextrous magazine release paddle Enlarged trigger guard for use with gloves Removable 1/2" buttstock Spacers for adjustable LOP, 13"-15" Snap-on 3/8" Cheek Riser for adjustable comb height Sling swivel studs on buttstock and forend M-LOK slots on forend

# Safety Instruction Guide for SAVAGE AXIS SHORT ACTION HUNTER LITE STOCKS MAGPUL HUNTER LITE ADJUSTABLE STOCK

## Introduction

Thank you for choosing the SAVAGE AXIS SHORT ACTION HUNTER LITE STOCKS MAGPUL HUNTER LITE ADJUSTABLE STOCK. This product is designed to enhance your hunting experience while ensuring safety and comfort. Please read this safety instruction guide carefully to understand how to use and maintain your product safely.

## General Safety Guidelines

- Ensure that the stock is compatible with your specific Savage AXIS rifle model before use.
- Always handle firearms with care and follow all applicable laws and regulations.
- Inspect the stock regularly for any signs of wear or damage.
- Do not exceed the weight limit specified for the stock to avoid compromising safety.
- Ensure that the stock is installed correctly and securely before use.
- Keep the stock and all accessories out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye and ear protection, when using a firearm.
- Ensure that the firearm is unloaded when installing or adjusting the stock.
- Be cautious when using the adjustable LOP spacers and cheek risers to avoid pinching or injury.
- Use the sling swivel studs to secure your rifle safely; do not overload them.
- Ensure that the trigger guard is clear of obstructions and allows for comfortable use with gloves.
- Follow the manufacturer's guidelines for the maximum barrel profile compatibility.
- Use only AICScompatible magazines with the magazine well to avoid malfunctions.

## Instructions for Installation and Usage

### 1. Installation of the Stock

- Ensure the firearm is unloaded.
- Remove the existing stock from the rifle by unscrewing the action screws.
- Align the Vbedding block of the Hunter Lite Stock with the action of the rifle.
- Secure the stock to the rifle using the provided action screws, ensuring they are tightened to the recommended torque specifications.

### 2. Adjusting the Length of Pull (LOP)

- Remove the buttstock from the rifle.
- Unscrew the halfinch spacers as needed to achieve the desired LOP.
- Reattach the buttstock securely after adjustments.

### 3. Adjusting the Cheek Riser

- Snap on the 3/8" cheek riser to the buttstock.
- Adjust the comb height as needed for optimal sight alignment.

#### **4. Using the Sling Swivel Studs**

- Attach your sling or bipod to the integral sling swivel studs located on the buttstock and forend.
- Ensure that the attachments are secure before use.

#### **5. Maintenance**

- Regularly clean the stock and check for any loose screws or components.
- Store the stock in a dry place to prevent moisture damage.

## **Disposal Instructions**

- Dispose of the stock in accordance with local regulations.
- If the stock is damaged beyond repair, consider recycling it if possible.
- Do not dispose of the stock in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAVAGE AXIS SHORT ACTION HUNTER LITE STOCKS MAGPUL HUNTER LITE ADJUSTABLE STOCK, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for prioritizing safety while using your product. Enjoy your hunting experience!
