## Control Your Overgassed AK-style Rifle

The AK platform, though renowned for its reliability and durability in battlefield conditions, has a well-known flaw: its gas system is hugely overgassed. Luckily, the market stepped up to provide a solution in the form of the KNS Precision AK Adjustable Gas Piston. How do you know if your AK-style rifle needs better gas regulation? Head to the range, fire a few rounds and see how far your brass ejects. If it's hitting the ground more than 15 feet away, then you need the KNS Precision AK Adjustable Gas Piston. This setup helps to reduce wear on the gun, providing for a longer operating life. Uses existing gas block Small-caliber piston designed for .223 Rem., 5.56 NATO and 5.45x39mm Large-caliber piston designed for 7.62x39mm, .308 Win., and 7.62x54R Fits AKM, AK-74, VEPR, PSL and M92 rifles Each KNS Precision AK Adjustable Gas Piston can be installed without the use of a gunsmith in the space of 10 minutes, ensuring you can get back onto the range with little downtime.

\* Vepr and Saiga Pistons will require drilling through the op-rod after screwing the piston into the carrier, due to variations in the staking location. These Op-Rods are Phosphated instead of Nitrided to allow easy drilling.\*

## Attributes

- Name: [KNS PRECISION ADJUSTABLE GAS PISTON SYSTEM ARSENAL RIFLE LARGE BORE](#)
- Manufacturer: [KNS PRECISION](#)
- Product no.: 430105259
- Mfr. No.: AGP-A-20L
- Make: -
- Model Number: Arsenal Rifle Large Bore
- Delivery weight: 0.159kg
- Shipping height: 13mm
- Shipping width: 102mm
- Shipping length: 279mm
- UPC: 853906008355

## Item details

Made in USA

US export classification: 0A501.c

# Safety Instruction Guide for KNS Precision Adjustable Gas Piston System

## Introduction

Thank you for choosing the KNS Precision Adjustable Gas Piston System for your AKstyle rifle. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of the KNS Precision Adjustable Gas Piston System, which is designed for AKstyle rifles. Always follow the instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any product recalls. If notified, follow the instructions provided for returning or replacing the product.
- **Online Shopping:** If you purchased this product online, ensure that the retailer complies with safety regulations applicable in your region.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored securely and out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the relevant EU contact points provided by your retailer or manufacturer.
- **Rapid Alerts:** Regularly check for updates on the EU's Safety Gate platform to stay informed about any potential safety issues related to this product.

## Specific Safety Precautions for Use

- Always ensure your rifle is unloaded before installing or adjusting the gas piston.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Ensure the rifle is pointed in a safe direction during installation and testing.
- Do not attempt to modify the gas piston or any other firearm components without proper knowledge and expertise.
- Use only the recommended ammunition types for your specific gas piston model to avoid malfunctions.
- Regularly inspect the gas piston and associated components for wear and tear.
- If you experience any malfunctions or irregularities during use, cease operation immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your rifle is unloaded and pointed in a safe direction.
- Gather necessary tools, including a wrench and cleaning supplies.

### 2. Installation:

- Remove the existing gas block from your rifle according to the manufacturer's instructions.
- Install the KNS Precision Adjustable Gas Piston into the existing gas block.
- Ensure that the piston is securely fitted and properly aligned.
- Reattach the gas block to the rifle, ensuring all screws are tightened to the manufacturer's specifications.

### 3. Adjusting the Gas Setting:

- After installation, adjust the gas setting according to your preference and the type of ammunition used.
- Fire a few rounds to test the ejection distance of the brass. If it is ejecting more than 15 feet, consider adjusting the gas setting to reduce overgassing.

#### **4. Testing:**

- Once installed, take the rifle to a shooting range for testing.
- Monitor the performance of the rifle and make further adjustments to the gas piston as necessary.

## **Disposal Instructions**

- Dispose of the KNS Precision Adjustable Gas Piston System in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods for firearm components.
- If the product is damaged or no longer usable, ensure it is destroyed in a safe manner to prevent any potential misuse.

## **Contact Information for Further Support**

For any further support or inquiries regarding the KNS Precision Adjustable Gas Piston System, please refer to the contact information provided by your retailer or manufacturer.

Thank you for following these safety instructions. Your safety and the safety of others is paramount when handling firearms. Enjoy your shooting experience with the KNS Precision Adjustable Gas Piston System!
