

T-BONE CHARGING HANDLE LATCHES - STRIKE INDUSTRIES .223 PORTERHOUSE (LARGE) LATCHES FOR AR-TBCH-223 IN BLACK

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Latches](#)

These interchangeable T-Bone latches feature the SI patented gas redirect system that allows you to configure the gas to exit only left, only right or evenly to both sides. With comfort and control in mind, the T-Bone latchless handles are made from SI PolyFlex polymer. The latchless feature of the T-Bone gives minimal wear and tear on your AR upper receiver compared to traditional charging handles on the market. The Strike Industries Porterhouse or Tenderloin T-Bone Charging Handle Latches gives you a modular way to direct the gas and setup the feel and look for one of the most overlooked and essential part of your AR upper receiver. Porterhouse/Large: The Strike Industries Porterhouse T-Bone Charging Handle Latches (Large) are longer latches for those who want to go bigger. A larger and longer surface area to increase grip and leverage for those with larger hands or to ensure you never miss a step to get back into the fight. Also most of the time with larger optics or thicker gloves, larger latches offer easier operation. Tenderloin/Small: The Strike Industries Tenderloin T-Bone Charging Handle Latches (Small) are smaller latches for those who want to be sleek and slim. Shorter controls for a lower profile setup. Package Contents: x2 T-Bone Charging Handle Latches - Right & Left (Large or Small) x2 Set screw [M3x8mm] x1 Hex tool [1.5mm] x1 Hex tool [3mm] x1 Loctite® Threadlocker Blue 243® Product Features: Interchangeable latches that can be easily swapped on SI T-Bone Charging Handle (LARGE) Larger and longer surface area to increase grip and leverage (SMALL) Shorter controls for a lower profile setup SI patented gas redirect system Configure gas to exit only left, only right or evenly on both sides Latchless modular SI PolyFlex polymer handles Minimal wear on upper receiver compared to others on the market COMPATIBILITY: Only with Strike Industries T-Bone Charging Handles NOT COMPATIBLE: Any other brand and model charging handles NOTE: Due to material differences, handle polymer material colors will not match anodized aluminum colors DISCLAIMER: Expect wear and tear of polymer latch from upper receiver based on various brands, makes and tolerances -CALIFORNIA PROPOSITION 65 WARNING:- WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. TBONE CHARGING HANDLE LATCHES SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the TBone Charging Handle Latches by Strike Industries. This product is designed to enhance the functionality of your AR upper receiver while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper handling, installation, and maintenance of the product.

General Safety Guidelines

- Ensure that the TBone Charging Handle Latches are compatible with your specific model of Strike Industries TBone Charging Handle.
- Always verify that your firearm is unloaded before attempting to install or handle any components.
- Keep the product out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm accessories and modifications.
- Regularly inspect the latches for wear or damage before each use.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to malfunction of the charging handle.
 - Use of incompatible charging handles may result in product failure.
- **Avoiding Hazards:**
 - Always follow the installation instructions carefully.
 - Do not use excessive force when operating the latches.
 - Avoid using the product with damaged or worn components.
- **AgeRelated Warnings:**
 - This product is intended for use by individuals who are 18 years of age or older.

Instructions for Installation and Usage

Installation Instructions

1. Ensure that your firearm is unloaded and pointed in a safe direction.
2. Remove the existing charging handle from your AR upper receiver.
3. Select the appropriate TBone Charging Handle Latch (Large or Small) based on your preference.
4. Align the latch with the charging handle and securely fasten it using the provided set screw (M3x8mm).
5. Use the hex tools (1.5mm and 3mm) included in the package to tighten the screws, ensuring a snug fit.
6. Inspect the installation to confirm that the latch is secure and operates smoothly.

Usage Instructions

- To operate the charging handle, grip the TBone latch firmly and pull back to charge the firearm.
- For gas configuration, adjust the latch to direct gas as desired: left, right, or evenly on both sides.
- Ensure that you maintain a proper grip to prevent slipping, especially when wearing gloves or using larger optics.

Disposal Instructions

- Dispose of the product in accordance with local regulations for polymer materials.
- Do not discard the product in regular household waste.

- Consider recycling the polymer components where facilities are available.

Contact Information for Further Support

For any questions or concerns regarding the TBone Charging Handle Latches, please refer to the manufacturer's website or customer support resources for assistance.
