

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 284 SHEHANE FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 284 SHEHANE FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430107328

# **Safety Instruction Guide for FULL LENGTH SIZING DIES FORSTER PRODUCTS, INC. 284 SHEHANE FULL LENGTH SIZING DIE**

## **Introduction**

Thank you for choosing the Forster Full Length Sizing Die. This guide provides important safety instructions and usage guidelines to ensure your safety and the effectiveness of the product. Please read this manual carefully before using the die.

## **General Safety Guidelines**

- Always use the die in accordance with the manufacturer's instructions.
- Keep all tools and dies out of reach of children and unauthorized users.
- Inspect the die for any signs of damage before each use.
- Do not modify the die or use it for purposes other than intended.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the die.
- Ensure your reloading area is wellventilated and free from distractions.
- Report any unsafe products or incidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Handle the die with care to avoid injury.
- Ensure the die is securely mounted in your reloading press before use.
- Use the EZ Out Expander button correctly to maintain case neck concentricity.
- Do not force cases into the die; if resistance is felt, stop and inspect for issues.
- Follow the manufacturer's recommended operating procedures and tolerances.
- Always check for proper alignment before beginning the resizing process.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure your reloading press is clean and free of debris.
- Insert the Forster Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Secure the die in place using the Forster Cross Bolt Die Locking Ring to prevent movement during use.

### **2. Usage**

- Prepare your cases by cleaning and inspecting them for defects.
- Insert a case into the die and ensure it is properly seated.
- Use the EZ Out Expander button to expand the neck of the case while maintaining alignment.
- Withdraw the case slowly and carefully from the die to avoid any damage.
- Repeat the process for all cases, ensuring each is resized consistently.

## **Disposal Instructions**

- Dispose of any damaged or worn dies according to local regulations.
- Do not throw dies in regular household waste.
- Check with local recycling centers for proper disposal methods for metal products.

## Contact Information for Further Support

For safety inquiries or additional support regarding the Forster Full Length Sizing Die, please refer to the manufacturer's contact information provided with your product packaging or on their official website.

By following these guidelines, you can ensure a safe and effective reloading experience with the Forster Full Length Sizing Die. Thank you for prioritizing safety in your reloading practices.
