

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

6.8MM WESTERN MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 6.8MM WESTERN MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

ULTRA™ MICROMETER SEATER DIES FORSTER PRODUCTS, INC. Safety Instruction Guide

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions to ensure safe and effective use of your bullet seater die. It is important to read and understand these instructions to avoid potential hazards and to comply with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage.
- Report any unsafe product conditions to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using the die.
- Ensure that the work area is clean, welllit, and free from distractions.
- Do not exceed the recommended load specifications for the die.
- Handle the die with care to avoid injury from sharp edges or moving parts.
- Keep hands and clothing clear of any moving parts during operation.
- Ensure that the micrometer adjustment is securely set before use to prevent accidental changes in bullet seating depth.
- Use the die only with compatible cartridges as specified in the product description.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the ULTRA™ MICROMETER SEATER DIE.
- Remove any previous dies from the press and clean the mounting area.
- Insert the ULTRA™ MICROMETER SEATER DIE into the press and tighten securely using the Forster Cross Bolt Die Locking Ring.
- Adjust the die to the desired position by following the micrometer settings.

2. Usage:

- Prepare the cartridge cases according to standard reloading practices.
- Set the micrometer adjustment to the desired bullet seating depth.
- Insert a bullet into the case mouth and place it under the die.
- Operate the press to seat the bullet, ensuring smooth and controlled motion.
- Check the seating depth after each adjustment to ensure accuracy.
- Record your settings for future reference to simplify switching between bullet types.

Disposal Instructions

- Dispose of any defective or damaged dies according to local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling metal components where possible to minimize environmental impact.

Contact Information for Further Support

For any questions, concerns, or safety inquiries, please refer to the manufacturer's contact information provided with the product packaging or visit the official website of Forster Products, Inc.

By following these safety instructions, you can help ensure a safe and effective reloading experience with your ULTRA™ MICROMETER SEATER DIES. Thank you for your attention to safety and compliance.
