

2 CAVITY PISTOL BULLET MOLDS - LEE PRECISION 45 CALIBER (0.452") 300GR ROUND NOSE DOUBLE CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

All molds for pistol calibers are double cavity to speed casting. All Lee mould blocks are made from aluminum because of the exceptional moulding qualities. The mould cavities are CNC machined for unmatched roundness and size control. Most bullets from Lee moulds can be used as cast without sizing. Handles and sprue plate are included.

Safety Instruction Guide for 2 Cavity Pistol Bullet Molds

Introduction

Thank you for choosing the 2 Cavity Pistol Bullet Molds by Lee Precision. This guide provides essential safety instructions and guidelines to ensure the safe use of the product. Please read this document carefully before using the bullet molds.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the molds are used in a wellventilated area to avoid inhaling any fumes or particles.
- Wear appropriate personal protective equipment (PPE) such as gloves, safety glasses, and a dust mask when handling materials and during the casting process.
- Keep the molds out of reach of children and pets to prevent accidental injury.
- Regularly inspect the molds for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Handling Hot Materials:** The molds can become extremely hot during use. Always use heatresistant gloves and tools when handling the molds.
- **Injury Prevention:** Avoid direct contact with the hot surfaces of the molds. Use tongs or pliers to handle the molds when they are hot.
- **Casting Environment:** Ensure that your casting area is free from flammable materials and that you have a fire extinguisher readily available.
- **Lead Safety:** If using lead, be aware of the potential health risks associated with lead exposure. Use leadsafe practices and ensure proper ventilation.
- **Storage:** Store the molds in a dry, cool place when not in use to prevent corrosion or damage.

Instructions for Installation and Usage

1. **Preparation:** Before using the molds, ensure that they are clean and free from any debris.
2. **Heating the Molds:** Preheat the molds to the appropriate temperature as specified in the manufacturer's instructions. This helps in achieving better casting results.
3. **Pouring the Alloy:**
 - Carefully pour the molten alloy into the mold cavities.
 - Avoid overfilling to prevent spills and ensure proper bullet formation.
4. **Cooling and Removal:**
 - Allow the molds to cool adequately before attempting to remove the cast bullets.
 - Gently open the mold and use appropriate tools to extract the bullets.
5. **PostUse Care:**
 - Clean the molds thoroughly after each use to prevent buildup of residues.
 - Store the molds properly to maintain their condition.

Disposal Instructions

- Dispose of any defective or damaged molds according to local regulations.
- If using lead, ensure that lead waste is disposed of in accordance with hazardous waste regulations to prevent environmental contamination.

Contact Information for Further Support

For any inquiries regarding the product or safety concerns, please refer to the manufacturer's contact details provided on the packaging or the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience while using your 2 Cavity Pistol Bullet Molds. Thank you for your attention to safety!
