

CLASSIC BULLET SIZING KIT - LEE PRECISION .266" DIAMETER CLASSIC BULLET SIZING KIT

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Lee Bullet Sizing Kits are the fastest and easiest way to size cast bullets. Standard 7-8x14" threads fit any single stage reloading press. Bullets are pushed through the sizing die nose first, so no special nose punches are needed. Gas checks are automatically seated and crimped in place. Sized bullets are captured in the special container. Complete for one size. Press and bullet lubricant are sold separately. Special note: Intended for use on single stage presses only. The push through Punch is used in place of a Shell Holder in the Ram. Lee does not make top punches for molds. With the use of this kit, a top punch is not necessary. To crimp gas checks with the lube and size kit, first lubricate the bullets with liquid alox, push a gas check on the base of the bullet and set the bullet on the punch. When the bullet is pushed through the sizing die, the bullet will be sized, and the gas check will be crimped on. For cast bullets, you want to select a sizing kit to be .001" larger than groove diameter.

Attributes

- Name: [LEE PRECISION .266" DIAMETER CLASSIC BULLET SIZING KIT](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430108498
- Mfr. No.: 92067
- Diameter (in): 0.266
- Delivery weight: 0.293kg
- Shipping height: 86mm
- Shipping width: 86mm
- Shipping length: 142mm
- UPC: 734307920678

CLASSIC BULLET SIZING KIT LEE PRECISION

Safety Instruction Guide

Introduction

Thank you for choosing the CLASSIC BULLET SIZING KIT by LEE PRECISION. This guide is designed to provide you with essential safety information, usage instructions, and disposal guidelines to help you use this product safely and effectively. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the product is used solely for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the product for damage before use. Do not use if damaged.
- Follow all instructions and precautions outlined in this guide.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the sizing kit.
- Ensure your workspace is clean, dry, and well-lit to minimize hazards.
- Do not exceed the recommended sizing specifications; select a sizing kit that is .001" larger than the groove diameter of your cast bullets.
- Use the sizing kit only on single stage reloading presses as intended.
- Avoid placing your hands near the moving parts of the reloading press during operation.
- Ensure that the pushthrough punch is securely in place before operation.
- Do not attempt to modify or alter the sizing kit in any way.
- Store the product in a cool, dry place when not in use.

Instructions for Installation and Usage

1. Preparation:

- Gather your materials: CLASSIC BULLET SIZING KIT, cast bullets, liquid alox lubricant, and a reloading press.
- Ensure the reloading press is properly set up and securely mounted.

2. Lubrication:

- Apply liquid alox lubricant to the cast bullets to facilitate smooth sizing.

3. Setup:

- Insert the sizing die into the reloading press according to the manufacturer's instructions.
- Replace the shell holder with the pushthrough punch.

4. Sizing Process:

- Push a gas check onto the base of the bullet.
- Place the bullet on the punch.
- Activate the reloading press to push the bullet through the sizing die. The bullet will be sized, and

- the gas check will be crimped in place.
- Collect the sized bullets in the special container provided.

5. PostUsage:

- Clean the sizing die and press after use to maintain performance and longevity.
- Store all components in a safe and organized manner.

Disposal Instructions

- Dispose of any waste materials, such as excess lubricant or damaged components, in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is deemed unsafe or damaged; contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or usage of the CLASSIC BULLET SIZING KIT, please refer to the contact information provided on the product packaging or instruction manual. It is important to have access to support for any questions or concerns you may have.

Thank you for your attention to these safety instructions. Enjoy using your CLASSIC BULLET SIZING KIT responsibly and safely!
