

# CLASSIC BULLET SIZING KIT - LEE PRECISION .376" DIAMETER CLASSIC BULLET SIZING KIT

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Lee Bullet Sizing Kits are the fastest and easiest way to size cast bullets. Standard 7-8x14" threads fit any single stage reloading press. Bullets are pushed through the sizing die nose first, so no special nose punches are needed. Gas checks are automatically seated and crimped in place. Sized bullets are captured in the special container. Complete for one size. Press and bullet lubricant are sold separately. Special note: Intended for use on single stage presses only. The push through Punch is used in place of a Shell Holder in the Ram. Lee does not make top punches for molds. With the use of this kit, a top punch is not necessary. To crimp gas checks with the lube and size kit, first lubricate the bullets with liquid alox, push a gas check on the base of the bullet and set the bullet on the punch. When the bullet is pushed through the sizing die, the bullet will be sized, and the gas check will be crimped on. For cast bullets, you want to select a sizing kit to be .001" larger than groove diameter.

## Attributes

- Name: [LEE PRECISION .376" DIAMETER CLASSIC BULLET SIZING KIT](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430108499
- Mfr. No.: 91856
- Diameter (in): 0.376
- Delivery weight: 0.293kg
- Shipping height: 86mm
- Shipping width: 86mm
- Shipping length: 142mm
- UPC: 734307918569

## Safety Instructions

### Introduction

Thank you for choosing the CLASSIC BULLET SIZING KIT from LEE PRECISION. This guide provides essential safety instructions to ensure the safe and effective use of your bullet sizing kit. Please read this guide carefully before using the product.

### General Safety Guidelines

- Ensure the product is used only as intended and in accordance with these instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the bullet sizing kit.
- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed the recommended sizing specifications; select a sizing kit that is .001" larger than the groove diameter of your cast bullets.
- Handle all components, including bullets and gas checks, with care to avoid injury.
- Do not use the kit with any other presses than single stage presses, as it is not designed for other types.
- Avoid using the kit if you are under the influence of drugs or alcohol.

### Instructions for Installation and Usage

#### 1. Setup:

- Secure the single stage reloading press to a stable work surface.
- Attach the sizing die to the press using standard 78x14" threads.

#### 2. Lubrication:

- Before sizing, lubricate the bullets with liquid alox to ensure smooth operation and prevent leading.

#### 3. Sizing Process:

- Push a gas check onto the base of the bullet.
- Place the bullet on the pushthrough punch, ensuring it is seated properly.
- Activate the press to push the bullet through the sizing die nose first. The bullet will be sized, and the gas check will be crimped in place.

#### 4. PostUse:

- Remove the sized bullets from the special container.
- Clean the sizing die and equipment after each use to maintain performance.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away the product in regular household waste. Instead, check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the CLASSIC BULLET SIZING KIT, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for ensuring a safe and responsible use of your CLASSIC BULLET SIZING KIT. Your safety is our priority.
