

# CLASSIC BULLET SIZING KIT - LEE PRECISION .427" DIAMETER

## CLASSIC BULLET SIZE KIT

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Lee Bullet Sizing Kits are the fastest and easiest way to size cast bullets. Standard 7-8x14" threads fit any single stage reloading press. Bullets are pushed through the sizing die nose first, so no special nose punches are needed. Gas checks are automatically seated and crimped in place. Sized bullets are captured in the special container. Complete for one size. Press and bullet lubricant are sold separately. Special note: Intended for use on single stage presses only. The push through Punch is used in place of a Shell Holder in the Ram. Lee does not make top punches for molds. With the use of this kit, a top punch is not necessary. To crimp gas checks with the lube and size kit, first lubricate the bullets with liquid alox, push a gas check on the base of the bullet and set the bullet on the punch. When the bullet is pushed through the sizing die, the bullet will be sized, and the gas check will be crimped on. For cast bullets, you want to select a sizing kit to be .001" larger than groove diameter.

### Attributes

- Name: [LEE PRECISION .427" DIAMETER CLASSIC BULLET SIZE KIT](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430108501
- Mfr. No.: 90053
- Diameter (in): 0.427
- Delivery weight: 0.293kg
- Shipping height: 86mm
- Shipping width: 86mm
- Shipping length: 142mm
- UPC: 734307900533

# Safety Instruction Guide for CLASSIC BULLET SIZING KIT LEE PRECISION .427" DIAMETER CLASSIC BULLET SIZE KIT

## Introduction

Thank you for purchasing the CLASSIC BULLET SIZING KIT by LEE PRECISION. This guide provides important safety information and instructions for the proper use of this product. Please read this manual thoroughly before using the kit to ensure safe and effective operation.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses and gloves, when using the bullet sizing kit.
- Inspect the kit for any damage or wear before each use. Do not use if any components are damaged.
- Follow all local regulations and guidelines regarding the use of reloading equipment.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The kit involves the use of sharp tools and moving parts. Exercise caution to avoid injuries.
  - The use of lubricants may pose a slip hazard. Ensure your work area is clean and dry.
- **Age Restrictions:**
  - This product is not intended for use by individuals under the age of 18. Ensure adult supervision if used by younger individuals.
- **Proper Handling:**
  - Always handle bullets and gas checks carefully to avoid accidental injury.
  - Ensure that the sizing die is securely attached before use to prevent accidents.

## Instructions for Installation and Usage

### 1. Setup:

- Attach the sizing die to your singlestage reloading press using standard 7/8x14" threads.
- Ensure that the sizing die is tightened securely to prevent it from loosening during use.

### 2. Preparing Bullets:

- Lubricate cast bullets with liquid alox to facilitate the sizing process.
- Place a gas check on the base of the bullet before sizing.

### 3. Using the Kit:

- Position the bullet on the pushthrough punch.
- Push the bullet through the sizing die nosefirst, ensuring that it is aligned properly.
- The bullet will be sized, and the gas check will be crimped in place automatically.
- Collect the sized bullets in the special container provided with the kit.

### 4. After Use:

- Clean the sizing die and other components after each use to maintain performance and longevity.
- Store the kit in a dry, secure location, away from children and unauthorized users.

## **Disposal Instructions**

- Dispose of any damaged or unusable components of the bullet sizing kit according to local waste disposal regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials. Check local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

- For any questions or concerns regarding the CLASSIC BULLET SIZING KIT, please consult the manufacturer's website or contact their customer service.

By following these safety instructions, you can ensure a safe and effective experience with your CLASSIC BULLET SIZING KIT. Thank you for choosing LEE PRECISION.
