

6 CAVITY HANDGUN BULLET MOLDS - LEE PRECISION 32 CALIBER (.311") 93GR ROUND NOSE 6 CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

Machined Aluminum Mold Blocks. Hard Anodized Sprue Plate. Rust resistant aluminum blocks. Lee Precision does not recommend the use of any spray type mold release products in their bullet molds. The use of such products may result in a build-up of the release product in the bullet mold cavity, reducing the diameter of the bullets cast from the treated mold. Instead, Lee Precision recommends smoking the mold with a wooden match, beeswax candle or a butane lighter as described in their provided bullet mold instructions.

Attributes

- Name: [LEE PRECISION 32 CALIBER \(.311"\) 93GR ROUND NOSE 6 CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430108509
- Mfr. No.: 90308
- Bullet Style: Round Nose (RN)
- Bullet Weight (Grains): 93
- Caliber: 32 Caliber
- Cavities: 6
- Diameter (in): 0.311
- Delivery weight: 0.591kg
- Shipping height: 48mm
- Shipping width: 109mm
- Shipping length: 343mm
- UPC: 734307903084

6 Cavity Handgun Bullet Molds Safety Instructions

Introduction

Thank you for choosing the 6 Cavity Handgun Bullet Molds by Lee Precision. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before using the bullet molds.

General Safety Guidelines

- Ensure safe use of the bullet molds by following all instructions.
- Always handle the molds with care to avoid injury.
- Keep the molds out of reach of children and vulnerable individuals.
- Be aware of the risks associated with using aluminum molds, including potential burns from hot surfaces.
- Do not use any spray type mold release products, as these can cause buildup and affect the quality of the bullets.
- Regularly check for any recalls or safety updates regarding the product through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the bullet molds.
- Ensure that the work area is wellventilated to avoid inhaling fumes from molten lead or other materials.
- Keep flammable materials away from the work area to prevent fire hazards.
- Do not leave molten lead unattended. Always monitor the melting process.
- Use a wooden match, beeswax candle, or butane lighter to smoke the mold before use, as recommended by Lee Precision.
- Allow the molds to cool completely before handling to avoid burns.
- Inspect the molds for any damage before each use. Do not use damaged molds.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including lead and appropriate melting equipment.
- Ensure your work area is clean and organized.

2. Smoking the Mold:

- Use a wooden match, beeswax candle, or butane lighter to lightly smoke the mold cavities. This helps with bullet release.

3. Melting Lead:

- Heat the lead in a suitable melting pot until it reaches the appropriate temperature for casting.

4. Pouring Lead:

- Carefully pour molten lead into the mold cavities, ensuring not to overfill.
- Allow the lead to cool and solidify in the mold.

5. Removing Bullets:

- Once the bullets have cooled, gently open the mold and remove the bullets. Use caution to avoid damaging the mold.

6. Cleaning the Mold:

- Clean the mold after each use according to the manufacturer's instructions. Avoid using harsh chemicals.

Disposal Instructions

- Dispose of any lead scraps or unused materials in accordance with local regulations for hazardous waste.
- Do not dispose of lead or other materials in regular household waste.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with the product packaging. Always ensure you are following the most current safety guidelines and regulations.

Thank you for prioritizing safety while using your 6 Cavity Handgun Bullet Molds. Enjoy your casting experience!
