CORE CHOKE TUBES FOR BERETTA/BENELLI MOBIL

Safety Instruction Guide

Introduction

Thank you for choosing the CORE Choke Tubes for Beretta/Benelli. This guide provides essential safety instructions to ensure the proper and safe use of your choke tubes. By following these guidelines, you can enjoy your hunting and shooting experiences while minimizing risks.

General Safety Guidelines

- Always ensure that your firearm is unloaded when installing or removing choke tubes.
- Use choke tubes only with compatible shotguns as specified in the product description.
- Inspect choke tubes for damage or wear before each use. Do not use damaged tubes.
- Store choke tubes in a dry place and avoid exposure to extreme temperatures or moisture.
- Keep choke tubes out of reach of children and unauthorized users.
- Always wear appropriate shooting safety gear, including eye and ear protection.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the choke tube is compatible with your shotgun model before use. Refer to the product specifications.
- **Installation:** Follow the installation instructions carefully to avoid improper fitting, which can lead to malfunctions or accidents.
- **Shot Size:** Use only the recommended shot sizes (BB10) with your CORE Choke Tubes. Using inappropriate shot sizes can result in damage or injury.
- **Shooting Environment:** Be aware of your surroundings and ensure a safe shooting environment. Always follow local laws and regulations regarding hunting and shooting.
- **Children and Vulnerable Groups:** Keep choke tubes and firearms out of reach of children. Ensure that inexperienced users are supervised by a knowledgeable adult.

Instructions for Installation and Usage

1. Installation:

- Ensure your shotgun is unloaded and pointed in a safe direction.
- Remove the existing choke tube (if applicable) by using a choke tube wrench.
- Insert the CORE Choke Tube into the muzzle of the shotgun.
- Tighten the choke tube securely using the wrench, ensuring it is fitted correctly.
- Verify that the choke tube is properly installed before each use.

2. Usage:

- Load your shotgun according to the manufacturer's instructions.
- Choose the appropriate choke tube based on your shooting distance:
 - Close Range (Improved Cylinder): 520 yards for lead, 1530 yards for steel.
 - MidRange (Modified): 2035 yards for lead, 2545 yards for steel.
 - Long Range (Full): 3045 yards for lead, 40+ yards for steel.
- Always check the choke tube after every few shots to ensure it remains secure and undamaged.

Disposal Instructions

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in general waste. Contact local waste management facilities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided with your product packaging.

Conclusion

By adhering to these safety instructions, you can ensure a safe and enjoyable experience while using the CORE Choke Tubes for Beretta/Benelli. Always prioritize safety and be aware of your surroundings when engaging in shooting activities. Thank you for your attention to these important guidelines.
