# Safety Instruction Guide for LEE CLASSIC LOADERS LEE PRECISION 45/70 GOVERNMENT LEE LOADER

## Introduction

Thank you for choosing the LEE CLASSIC LOADERS LEE PRECISION 45/70 GOVERNMENT LEE LOADER. This product is designed to provide you with a complete reloading system for your ammunition needs. It is essential to follow safety guidelines to ensure safe and effective use. This guide outlines important safety information, usage instructions, and disposal methods to help you use this product responsibly.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the reloading kit out of reach of children and unauthorized users.
- Use the product in a wellventilated area to avoid inhaling any powders or fumes.
- Wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Do not use damaged or worn components; inspect all parts before use.
- Store all components in a cool, dry place away from direct sunlight and moisture.
- Follow local laws and regulations regarding ammunition reloading and storage.

## Specific Safety Precautions for Use

- Ensure you have a suitable hammer or rubber mallet for use with the reloading kit.
- Only use the kit for the 4570 Government cartridge; do not attempt to reload other calibers.
- Handle all components with care to avoid accidental discharge or injury.
- Avoid distractions while reloading; focus on the task at hand.
- Be aware of the risks associated with handling gunpowder and primers; follow all safety data sheets (SDS) for these materials.
- In case of an accident or injury, seek medical attention immediately.

## Instructions for Installation and Usage

1. **Unpack the Kit:** Carefully remove all components from the packaging. Ensure all parts are present as per the included inventory list.

2. **Setup:**

- Place the sizing die securely in a stable area.
- Attach the decapping chamber to the sizing die as per the instructions provided.

3. **Reloading Process:**

- **Decapping:** Insert the spent cartridge into the decapping chamber and use the priming rod to remove the spent primer.
- **Sizing:** Place the cartridge in the sizing die and apply force with the hammer or mallet to resize the cartridge.
- **Priming:** Insert a new primer into the priming chamber and use the priming rod to seat it in the cartridge.
- **Powder Measurement:** Use the powder measure to accurately dispense the required amount of powder into the cartridge.
- **Seating the Bullet:** Place the bullet in the cartridge and use the bullet seater to properly seat it.

4. **Final Inspection:** After reloading, inspect each cartridge for proper assembly and any defects before

storage or use.

## **Disposal Instructions**

- Dispose of any unused or expired components according to local regulations.
- Do not throw away gunpowder or primers in regular trash; contact local waste management for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of in accordance with local recycling guidelines.

## **Contact Information for Further Support**

For assistance, please refer to the LEE PRECISION website or your local distributor for support and any inquiries regarding the product. Ensure that you have the product details on hand for efficient assistance.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience while using the LEE CLASSIC LOADERS LEE PRECISION 45/70 GOVERNMENT LEE LOADER. Always prioritize safety and responsible handling of reloading materials. Thank you for your attention to these important safety measures.
