

INLINE BULLET FEED KIT - LEE PRECISION INLINE BULLET FEED KIT 26CAL

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Deluxe Auto-Drum Powder Measure with new red anodized swivel adapter that provides a larger gripping area for adjusting into your press and raises the powder measure to clear the tallest dies and eliminates the need for the riser. All steel construction featuring a ball bearing escapement mechanism. Spring loaded positive ball carrier return assures reliable operation. Jacketed, cast, powder coated, and copper plated bullets are reliably fed. Configurable for long and short bullet lengths. Includes support tab for the optional multi tube feed magazine. Works in any press with standard 7/8-14 threads. Each die is caliber specific so there is nothing to change or adjust. Easy adjustment, place a case in your press and screw the Inline die in until it drops a bullet plus a half a turn, and that's it. Extra gatling style magazines, works great to have another magazine ready to load. Specifications: Inline Bullet Feed Kit 35CAL. For use with 380 Auto, 9mm Luger to 357 Mag, bullet diameter range .312 to .360. Inline Bullet Feed Kit 22 CAL. For use with 22 Hornet to 222 Rem Mag. Bullet diameter range .220 to .225. Inline Bullet Feed Kit 45 CAL. For use with 45 ACP to 45 Colt, bullet diameter range .435 to .460. Inline Bullet Feed Kit 30CAL. For use with 30 M1 to 30/06, bullet diameter range .250 to .320. Inline Bullet Feed Kit 26CAL. Works with 6.5 Creedmoor and similar, bullet diameter .250 to .277. Inline Bullet Feed Kit 24 CAL. Works with 6mm and 243 Winchester, bullet diameter .238 to .245. Inline Bullet Feed Kit 40 CAL. For use with 40 S&W, bullet diameter range .375 to .406. Inline Bullet Feed Kit 44 CAL. For use with 44 Magnum and 44 Special, bullet diameter range .425 to .435.

INLINE BULLET FEED KIT Safety Instruction Guide

Introduction

Thank you for purchasing the INLINE BULLET FEED KIT by LEE PRECISION. This product is designed to enhance your reloading experience by providing a reliable and efficient method for feeding bullets into your reloading press. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure that your workspace is clean, organized, and free from distractions.
- Use protective eyewear and gloves when operating your reloading press and related equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the INLINE BULLET FEED KIT for any purpose other than its intended use.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before starting, ensure that the reloading press is securely anchored and stable.
- Always verify that the correct caliber die is installed for the bullets you are using.
- Do not attempt to adjust the Inline die while the press is in operation.
- Avoid overloading the powder measure and ensure it is properly calibrated.
- Store the product in a dry and secure location when not in use.
- Be cautious of hot surfaces when operating the powder measure, as it may become warm during use.
- Ensure that all bullet types being used are compatible with the Inline Bullet Feed Kit.

Instructions for Installation and Usage

1. Installation:

- Begin by selecting the appropriate Inline Bullet Feed Kit for your caliber. The kits available are:
 - 35CAL For 380 Auto, 9mm Luger to 357 Mag
 - 22CAL For 22 Hornet to 222 Rem Mag
 - 45CAL For 45 ACP to 45 Colt
 - 30CAL For 30 M1 to 30/06
 - 26CAL For 6.5 Creedmoor and similar
 - 24CAL For 6mm and 243 Winchester
 - 40CAL For 40 S&W
 - 44CAL For 44 Magnum and 44 Special
- Attach the Inline die to your reloading press using the standard 7/814 threads.
- Ensure that the Deluxe AutoDrum Powder Measure is securely connected to the swivel adapter.

2. Usage:

- Adjust the Inline die by placing a case in your press and screwing the die in until it drops a bullet, then turn an additional half turn.
- Load bullets into the Inline Bullet Feed Kit and ensure they are seated properly.
- Operate the reloading press according to its instructions, ensuring that the Inline Bullet Feed Kit is functioning correctly.
- For optimal performance, consider using extra gatling style magazines to have additional

magazines ready to load.

Disposal Instructions

- Dispose of the INLINE BULLET FEED KIT in accordance with local regulations regarding metal and plastic waste.
- Ensure that all components are disposed of safely and responsibly to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding the INLINE BULLET FEED KIT or for assistance, please refer to the manufacturer's contact information provided in the product packaging or documentation.

Note: This guide is intended to provide essential safety information and instructions for the effective use of the INLINE BULLET FEED KIT. Always prioritize safety and consult with professionals if you have any questions or concerns.
