

INLINE BULLET FEED KIT - LEE PRECISION INLINE BULLET FEED KIT 24CAL

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Deluxe Auto-Drum Powder Measure with new red anodized swivel adapter that provides a larger gripping area for adjusting into your press and raises the powder measure to clear the tallest dies and eliminates the need for the riser. All steel construction featuring a ball bearing escapement mechanism. Spring loaded positive ball carrier return assures reliable operation. Jacketed, cast, powder coated, and copper plated bullets are reliably fed. Configurable for long and short bullet lengths. Includes support tab for the optional multi tube feed magazine. Works in any press with standard 7/8-14 threads. Each die is caliber specific so there is nothing to change or adjust. Easy adjustment, place a case in your press and screw the Inline die in until it drops a bullet plus a half a turn, and that's it. Extra gatling style magazines, works great to have another magazine ready to load. Specifications: Inline Bullet Feed Kit 35CAL. For use with 380 Auto, 9mm Luger to 357 Mag, bullet diameter range .312 to .360. Inline Bullet Feed Kit 22 CAL. For use with 22 Hornet to 222 Rem Mag. Bullet diameter range .220 to .225. Inline Bullet Feed Kit 45 CAL. For use with 45 ACP to 45 Colt, bullet diameter range .435 to .460. Inline Bullet Feed Kit 30CAL. For use with 30 M1 to 30/06, bullet diameter range .250 to .320. INLINE BULLET FEED KIT Safety Instruction Guide

Introduction

Thank you for choosing the INLINE BULLET FEED KIT by LEE PRECISION. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. It is important to read and understand this manual before operating the kit to minimize any risks associated with its use.

General Safety Guidelines

- Ensure that you are familiar with the safety and operational guidelines of your reloading press before using the INLINE BULLET FEED KIT.
- Always use the kit in a wellventilated area to avoid inhaling any dust or particles that may be generated during the reloading process.
- Keep the work area clean and organized to prevent accidents and ensure the safe handling of materials.
- Store all components of the INLINE BULLET FEED KIT out of reach of children and unauthorized individuals.
- Regularly inspect the kit for any signs of wear or damage. Do not use damaged components.
- Use protective eyewear and gloves when handling bullets and reloading materials to protect against potential hazards.

Specific Safety Precautions for Use

- Only use the INLINE BULLET FEED KIT with compatible bullet calibers as specified in the product description.
- Ensure that the reloading press is securely mounted and stable before use.
- Follow the manufacturer's instructions for adjusting and operating the INLINE BULLET FEED KIT to avoid incorrect setup that could lead to malfunctions.
- Avoid overloading the kit with bullets. Adhere to the recommended capacities and specifications.
- Never attempt to modify the INLINE BULLET FEED KIT or its components, as this may compromise safety and performance.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of accidental discharge or misfires.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is turned off and unplugged before installation.
- Identify the correct die for your caliber and thread it into the press using the standard 7/814 threads.
- Adjust the die by placing a case in the press and screwing the Inline die until it drops a bullet plus a half turn. This adjustment is crucial for proper functioning.
- Attach the red anodized swivel adapter to the powder measure to facilitate easier adjustments.

2. Usage:

- Load the bullets into the Inline Bullet Feed Kit, ensuring they are within the specified diameter range for your caliber.
- Activate the reloading press according to its instructions while monitoring the operation of the Inline Bullet Feed Kit.
- If using multiple magazines, ensure that they are properly loaded and ready for use to enhance efficiency.
- After reloading, regularly check the operation of the Inline Bullet Feed Kit to ensure it is functioning

correctly.

Disposal Instructions

- Dispose of any unused or damaged components of the INLINE BULLET FEED KIT in accordance with local regulations for hazardous materials.
- Do not throw away the kit in regular household waste. Contact local waste management authorities for proper disposal methods.
- Ensure that all reloading materials, including spent casings and unused bullets, are disposed of safely and responsibly.

Contact Information for Further Support

For any inquiries or further assistance regarding the INLINE BULLET FEED KIT, please refer to the manufacturer's contact information provided in the product packaging or on the manufacturer's official website.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the INLINE BULLET FEED KIT. Always prioritize safety and adhere to the recommended practices to protect yourself and others during the reloading process. Thank you for your attention to these important safety considerations.
