

COLLET NECK SIZER DIES - LEE PRECISION 6.5 CREEDMOOR COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION 6.5 CREEDMOOR

Introduction

Thank you for choosing the COLLET NECK SIZER DIES LEE PRECISION 6.5 CREEDMOOR. This guide provides essential safety instructions and guidelines for the safe use of this product. Please read this document carefully to ensure safe and effective operation.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to size the neck of 6.5 Creedmoor cartridge cases.
- Always follow the manufacturer's instructions and guidelines for use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Store the product in a dry, clean place away from direct sunlight and moisture.
- Be aware of your surroundings and ensure a safe working environment when using the product.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the die to prevent injury from debris.
- Use gloves to avoid contact with sharp edges and to maintain a secure grip on the die.
- Ensure that the collet die is securely attached to your reloading press before use.
- Avoid applying excessive force when sizing cases to prevent damage to the die or cases.
- Do not use the die with cases that have been previously damaged or improperly sized.
- Keep your workspace clean and organized to prevent accidents.

Instructions for Installation and Usage

1. Installation of the Die:

- Ensure your reloading press is clean and properly set up.
- Remove any existing die from the press if necessary.
- Carefully screw the collet neck sizer die into the press, ensuring it is securely tightened.
- Adjust the die to the desired height according to your reloading specifications.

2. Usage of the Die:

- Prepare your cartridge cases by cleaning them thoroughly to remove any dirt or debris.
- Insert the cartridge case into the die, ensuring it is positioned correctly.
- Slowly and steadily pull the press handle to size the neck of the case.
- Inspect the sized case for proper fit and runout. Repeat if necessary.
- Remove the case from the die and store it properly.

3. PostUse Care:

- Clean the die after use to prevent corrosion and maintain precision.
- Store the die in its original packaging or a safe container to avoid damage.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling programs that accept metal and plastic components.
- Always follow local guidelines for the disposal of reloading materials and components.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's website or customer service resources. Ensure you have the product details ready for reference.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the COLLET NECK SIZER DIES LEE PRECISION 6.5 CREEDMOOR. Thank you for your attention to safety and responsible usage.
