

# COLLET NECK SIZER DIES - LEE PRECISION 6.5 GRENDEL COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

# Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION 6.5 GRENDDEL COLLET NECK SIZING DIE ONLY

## Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for your ammunition loading needs. This guide provides essential safety instructions, usage guidelines, and disposal instructions to ensure a safe and effective experience with your new product. Please read this manual carefully before using the die.

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose: sizing the neck of 6.5 Grendel cases.
- Always wear appropriate safety gear, including safety glasses, when operating reloading equipment.
- Store the die in a dry, cool place, away from direct sunlight and moisture, to prevent damage.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that you are in a safe environment when using the die.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use of the die may result in personal injury or damage to the die and cases.
- The die is designed for use with specific cartridge cases; using it with incompatible cases can cause malfunctions.

### • Avoiding Hazards:

- Always ensure that the die is securely mounted to your reloading press before use.
- Do not apply excessive force when sizing cases; follow the manufacturer's guidelines for pressure.
- Inspect cases for defects before sizing; do not use damaged or excessively worn cases.
- Use only the recommended mandrel for the specific die to ensure proper sizing.

### • AgeRelated Warnings:

- This product is not intended for use by individuals under the age of 18. Adult supervision is recommended when used by younger individuals.

## Instructions for Installation and Usage

### • Installation:

1. Ensure your reloading press is clean and free from debris.
2. Securely mount the Lee Collet Neck Sizer Die in the reloading press according to the manufacturer's instructions.
3. Adjust the die to the correct position for sizing 6.5 Grendel cases.

### • Usage:

1. Inspect all cases for cleanliness and defects before sizing.
2. Insert a case into the die and ensure it is seated properly against the mandrel.
3. Operate the reloading press to size the case neck by pulling the handle smoothly and steadily.

4. Remove the sized case from the die and inspect it for proper fit and finish.
5. Repeat the process for each case, ensuring that the die is maintained in good condition throughout use.

## **Disposal Instructions**

- Dispose of any defective or damaged dies in accordance with local regulations.
- Recycle packaging materials where possible to minimize environmental impact.
- Do not dispose of the die or any components in regular household waste; follow local disposal guidelines for metal and plastic materials.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Lee Precision Collet Neck Sizer Die, please refer to the manufacturer's website or contact their customer service. Ensure you have the product details available for a more efficient response.

Thank you for following these safety guidelines. Proper care and usage of the Lee Collet Neck Sizer Die will enhance your reloading experience and ensure the safe production of accurate ammunition.
