

COLLET NECK SIZER DIES - LEE PRECISION .30-30 WINCHESTER COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

Safety Instruction Guide for Lee Precision .3030 Winchester Collet Neck Sizer Die

Introduction

Thank you for choosing the Lee Precision .3030 Winchester Collet Neck Sizer Die. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the die.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use of the die.
- Ensure that your workspace is clean, organized, and free from distractions.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling ammunition and reloading components.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Familiarize yourself with the potential hazards associated with reloading ammunition, including the risk of injury and property damage.
- Regularly check for updates on product recalls or safety warnings through official channels.

Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading setup before use.
- Inspect the die for any signs of damage or wear before use. Do not use if damaged.
- Use only recommended materials and components specified by the manufacturer.
- Avoid overtightening the die, which can lead to equipment failure or personal injury.
- Always work in a well-ventilated area to minimize exposure to dust and fumes.
- If you experience any unusual resistance while sizing, stop and inspect the die and case for issues.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is set at the correct height for your specific reloading setup.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Insert the case into the die, ensuring it is seated properly.
- Gradually apply pressure to the press handle to size the case neck. Avoid excessive force.
- After sizing, remove the case and inspect it for proper fit and any signs of damage.
- Repeat the process for each case, ensuring consistent handling and inspection.

3. PostUsage:

- Clean the die after use to prevent corrosion and maintain precision.
- Store the die in a safe and dry location, away from moisture and dust.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of any ammunition or reloading components in regular household waste.

- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Lee Precision .3030 Winchester Collet Neck Sizer Die, please refer to the official Lee Precision website or contact the retailer from whom you purchased the product for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience. Thank you for your attention to safety and for choosing Lee Precision products.
