

# COLLET NECK SIZER DIES - LEE PRECISION 260 REMINGTON COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

# Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION 260 REMINGTON

## Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for 260 Remington. This guide provides essential safety instructions and usage information to ensure safe and effective operation of the product. Please read this document carefully before using the die.

## General Safety Guidelines

- Ensure that all safety equipment is worn during the loading process, including safety glasses and gloves.
- Keep the workspace clean and organized to prevent accidents or injuries.
- Always handle ammunition components with care to avoid mishaps.
- Store the die and all related tools in a secure location, away from children and unauthorized users.
- Regularly inspect the die for wear and damage. Do not use the die if it shows signs of wear.

## Specific Safety Precautions for Use

- Only use the die with the appropriate caliber (260 Remington) to avoid malfunction or accidents.
- Avoid overtightening the die during operation, as this can lead to damage and unsafe conditions.
- Do not modify the die or use it for purposes other than its intended use.
- Be aware of your surroundings and ensure that no one is in close proximity when operating the die.
- Follow all local laws and regulations regarding ammunition reloading and safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is clean and free from debris.
- Insert the collet neck sizer die into the reloading press and tighten securely.
- Adjust the die according to the manufacturer's instructions to achieve the desired sizing.

### 2. Usage:

- Prepare your brass cases by cleaning them thoroughly.
- Insert the case into the die, ensuring it is positioned correctly.
- Pull the handle of the reloading press to size the case neck. Ensure consistent pressure is applied.
- Remove the sized case and inspect it for proper fit and alignment.
- Repeat the process for each case, maintaining a clean workspace.

## Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Recycle metal parts when possible to minimize environmental impact.
- Do not dispose of ammunition components in regular trash; follow local hazardous waste disposal guidelines.

## Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided with the product. Always ensure you have the latest safety updates and recall information.

Thank you for prioritizing safety while using the Lee Precision Collet Neck Sizer Die. Your adherence to these guidelines helps ensure a safe reloading experience.
