

COLLET NECK SIZER DIES - LEE PRECISION .375 H&H MAGNUM COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION .375 H&H MAGNUM

Introduction

Thank you for choosing the COLLET NECK SIZER DIES LEE PRECISION .375 H&H MAGNUM. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the product and its intended use before operation.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Store the dies in a safe place, out of reach of children and pets.
- Regularly inspect the dies for any signs of damage or wear before each use.
- Follow all local laws and regulations related to ammunition reloading.

Specific Safety Precautions for Use

- Handle all reloading components with care to avoid accidents.
- Ensure that the collet neck sizer die is properly adjusted before use to avoid damaging cases.
- Do not exceed recommended load specifications when reloading ammunition.
- Avoid using lubricants unless specified, as the collet neck sizing die is designed for use without lube.
- Always work in a wellventilated area to avoid inhaling any dust or particles.
- Keep all powders and primers stored safely and securely, away from heat sources.

Instructions for Installation and Usage

1. Installation of the Die:

- Remove the collet neck sizer die from the packaging.
- Clean the die with a soft cloth to remove any manufacturing oils.
- Install the die into the reloading press according to the manufacturer's instructions, ensuring it is securely fastened.

2. Preparing Cases:

- Inspect cases for any signs of damage or wear; discard any that are compromised.
- Place the case into the die, ensuring it is seated correctly against the mandrel.

3. Sizing Process:

- Operate the reloading press smoothly to apply pressure to the case neck.
- Ensure that the case is evenly sized by monitoring the press operation.
- Remove the case from the die once the sizing is complete.

4. PostUse Care:

- Clean the die after use to maintain its performance and longevity.
- Store the die in a dry, safe location.

Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not throw away the dies in regular household waste if they are made of metal; check for recycling options.
- Ensure that any reloading components (like spent primers or powder) are disposed of safely and in compliance with local hazardous waste regulations.

Contact Information for Further Support

For any inquiries or concerns regarding the COLLET NECK SIZER DIES LEE PRECISION .375 H&H MAGNUM, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the COLLET NECK SIZER DIES LEE PRECISION .375 H&H MAGNUM. Always prioritize safety and compliance with local regulations to enhance your reloading practices.
