

# COLLET NECK SIZER DIES - LEE PRECISION 7MM EXPRESS & .280 REMINGTON COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

# Safety Instruction Guide for Lee Precision Collet Neck Sizer Dies

## Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Dies for your ammunition reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read through this document carefully to understand the proper handling, usage, and disposal of the dies.

## General Safety Guidelines

- Always ensure that your workspace is clean and organized to prevent accidents.
- Use the product only for its intended purpose: sizing rifle cases.
- Keep the dies out of reach of children and unauthorized personnel.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the dies.
- Inspect the dies for any signs of damage or wear before each use. Do not use damaged equipment.
- Ensure that all tools and components used in conjunction with the dies are compatible and in good working condition.
- Familiarize yourself with the product and its components before use.

## Specific Safety Precautions for Use

- Avoid direct contact with the mandrel and collet when sizing cases to prevent injury.
- Do not apply excessive force when using the dies, as this may lead to equipment failure or personal injury.
- Always follow the manufacturer's instructions for the specific die setup and operation.
- Do not attempt to modify or alter the dies in any way.
- Maintain a safe distance from others while operating the dies to avoid accidents.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure your reloading press is securely mounted and stable.
- Attach the Lee Collet Neck Sizer Die to your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired depth for neck sizing.

### 2. Sizing Process:

- Insert a clean and inspected cartridge case into the shell holder of the press.
- Slowly raise the ram to engage the case with the collet.
- Ensure the case neck is properly aligned with the mandrel.
- Apply steady pressure to size the case neck without forcing it.

### 3. PostUse:

- Remove the sized case from the shell holder.
- Inspect the case for proper sizing and any signs of damage.
- Clean the dies after each use to remove any debris or residue.

## Disposal Instructions

- Dispose of any damaged or unusable dies according to local regulations.
- Recycle metal components when possible.
- Do not dispose of dies in regular household waste.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the Lee Precision Collet Neck Sizer Dies, please reach out to the designated contact point provided with your product packaging or visit the official Lee Precision website.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Lee Precision Collet Neck Sizer Dies. Always prioritize safety and proper usage to enjoy the benefits of quality ammunition reloading. Thank you for your attention to these important safety measures.
