PACESETTER RIFLE THREEDIE SETS LEE PRECISION 7MM PRC Safety Instructions

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SETS by LEE PRECISION. This product is designed to provide efficient and reliable reloading of 7mm PRC cartridges. To ensure your safety and the safety of others while using this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Keep the workspace clean and organized to avoid accidents.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Store all components, including powders and primers, in a safe and secure location, away from children and unauthorized users.
- Ensure that you are familiar with the reloading process and follow all recommended procedures.
- Always check for recalls or safety notices regarding your reloading equipment on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended load data provided in the instructions.
- Ensure that the reloading press is securely mounted and stable before use.
- Avoid distractions while reloading to maintain focus and prevent mistakes.
- Do not use damaged or wornout dies or components. Inspect all parts before use.
- Always keep the reloading area wellventilated to prevent the accumulation of harmful fumes.
- Do not smoke or have open flames near the reloading area.
- Ensure that all tools and dies are compatible with the 7mm PRC cartridge.

Instructions for Installation and Usage

1. Installation of the Dies:

- Start with the Full Length Sizing Die:
 - Screw the die into the reloading press until it is securely in place.
 - Adjust the die according to the instructions provided.
- Next, install the Bullet Seating Die:
 - Follow the same steps as above to secure the die.
 - Adjust for bullet seating depth as needed.
- Finally, install the Factory Crimp Die:
 - Secure the die in the press and make any necessary adjustments.

2. Using the Dies:

- Begin by resizing the brass cases using the Full Length Sizing Die.
- After sizing, insert the desired powder charge into the case using the Powder Dipper.
- Place a bullet on top of the powder charge and use the Bullet Seating Die to seat the bullet to the desired depth.
- Use the Factory Crimp Die to crimp the bullet into place securely.
- Ensure that all cartridges are inspected for proper assembly before use.

3. Cleaning and Maintenance:

- After each reloading session, clean the dies and press to prevent residue buildup.
- Store the dies in a dry place, preferably in their original packaging, to avoid damage.

Disposal Instructions

- Dispose of any unused or outdated reloading components in accordance with local regulations.
- Do not throw away hazardous materials, such as primers and powders, in regular trash. Contact local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries, product support, or additional information, please refer to the contact details provided in the product packaging or on the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our priority. Enjoy your reloading experience with the PACESETTER RIFLE THREE DIE SETS by LEE PRECISION.
