PACESETTER RIFLE THREEDIE SETS LEE PRECISION 6MM GT PACESETTER FULL LENGTH SIZING 3DIE SET Safety Instructions

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for safe and effective reloading of 6mm GT cartridges. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding reloading ammunition.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when using this product.
- Keep all reloading materials, including powders and primers, out of reach of children and pets.
- Store the reloading dies and components in a secure location when not in use.
- Do not use damaged or worn components. Inspect all parts before use.
- Be aware of your surroundings and ensure that you are working in a wellventilated area.
- Never exceed recommended load data provided in the instructions or from reliable sources.

Specific Safety Precautions for Use

- **Cartridge Compatibility:** This die set is specifically designed for 6mm GT cartridges. Do not use with other calibers.
- **Die Handling:** Handle the dies with care. Avoid dropping or mishandling them, as this may cause damage or misalignment.
- **Press Compatibility:** Ensure that your reloading press is compatible with 7/8"14 dies. Use only a press that is in good working condition.
- **Powder Handling:** Use caution when handling powders. Follow all safety guidelines provided by the powder manufacturer.
- **Seating Depth:** Ensure that bullet seating depth is within recommended specifications to prevent chambering issues.

Instructions for Installation and Usage

1. Setup:

- Securely mount your reloading press to a stable workbench.
- Ensure that the press is clean and free of any debris.

2. Install the Full Length Sizing Die:

- Insert the Full Length Sizing Die into the press and tighten it securely.
- Adjust the die according to your specific reloading needs as per the instructions provided.

3. Install the Bullet Seating Die:

- Remove the sizing die and replace it with the Bullet Seating Die.
- Adjust the seating depth as needed, following the load data provided.

4. Install the Factory Crimp Die:

- After seating the bullets, install the Factory Crimp Die in the same manner as the previous dies.
- Apply the crimp according to the specifications for your cartridges.

5. Using the Universal Shell Holder:

- Insert the appropriate shell holder into the press to secure the cartridge case during resizing and seating.

6. Loading Powder:

- Use the Powder Dipper included in the set to measure the appropriate amount of powder.
- Follow the load data carefully to ensure safe and effective ammunition.

7. Final Inspection:

- Inspect each cartridge for proper seating, crimping, and overall quality before use.
- Store completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused powder, primers, or other reloading components according to local regulations.
- Do not dispose of hazardous materials in regular trash. Contact your local waste disposal facility for guidance on safe disposal methods.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the use of the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's contact information provided with your product packaging. Ensure that you have the product details on hand when seeking assistance.

By following these safety instructions, you can help ensure a safe and enjoyable reloading experience with your PACESETTER RIFLE THREEDIE SET. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for your attention to these important guidelines.
