Safety Instruction Guide for PACESETTER RIFLE THREEDIE SETS LEE PRECISION .338 WEATHERBY RPM

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SETS from LEE PRECISION. This guide provides essential safety information and instructions to ensure the safe and effective use of your reloading equipment. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that all nonfood products, including this reloading set, are used in accordance with safety standards.
- Be aware of potential risks associated with reloading ammunition and follow all safety precautions.
- Always keep your workspace clean and organized to avoid accidents.
- Use protective gear, such as safety glasses and gloves, when handling reloading components.
- Store all reloading components, including dies and powders, in a safe and secure location, out of reach of children and pets.
- Regularly check for product recalls and safety updates on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Read and understand all instructions before operating the die set.
- Always use the die set in a wellventilated area to avoid inhaling any harmful fumes or dust.
- Ensure that your reloading press is compatible with the 7/8"14 threading of the dies.
- Do not exceed the recommended load data provided with the product.
- Never point the firearm or ammunition in an unsafe direction during the reloading process.
- Keep the work area free from distractions and do not allow unauthorized personnel in the vicinity while reloading.
- In case of any malfunction or unusual behavior during use, stop immediately and seek assistance.

Instructions for Installation and Usage

Installation

1. **Prepare Your Workspace:** Ensure your work area is clean, welllit, and organized.
2. **Gather Tools:** Have all necessary tools and components ready, including the PACESETTER RIFLE THREEDIE SET, reloading press, and any additional tools required.
3. **Attach the Dies:**
 - Remove the lock ring from the Full Length Sizing Die.
 - Screw the Full Length Sizing Die into your reloading press until it is snug.
 - Repeat this step for the Bullet Seating Die and Factory Crimp Die.
 - Reattach the lock rings to secure the dies in place.

Usage

1. **Full Length Sizing:**
 - Insert a cartridge case into the shell holder and raise the ram.
 - Adjust the die to achieve the desired sizing.

- Lower the ram to complete the sizing process.

2. **Bullet Seating:**

- Insert a resized case into the shell holder.
- Place a bullet on top of the case.
- Adjust the die to set the bullet to the desired depth.
- Raise the ram to seat the bullet.

3. **Factory Crimping:**

- Insert a seated cartridge into the shell holder.
- Adjust the die to apply the desired crimp.
- Raise the ram to complete the crimping process.

4. **Cleaning:** After use, clean all components according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact your local waste management facility for proper disposal options.

Contact Information for Further Support

For any questions or concerns regarding the PACESETTER RIFLE THREEDIE SETS or safety inquiries, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and efficient reloading process. Thank you for prioritizing safety in your reloading activities.
