PACESETTER RIFLE THREEDIE SETS LEE PRECISION 6.5 CREEDMOOR SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SETS LEE PRECISION 6.5 CREEDMOOR. This guide provides essential safety instructions to ensure the safe and effective use of your reloading equipment. Please read this manual carefully before using the product.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Ensure your workspace is wellventilated and free from clutter.
- Keep all reloading components, including powders and primers, out of reach of children and pets.
- Store reloading materials in a cool, dry place, away from direct sunlight and heat sources.
- Follow all manufacturer instructions and recommendations for the use of this product.
- Do not exceed recommended load data. Always refer to reliable reloading manuals.
- Be aware of your surroundings and ensure no distractions while reloading.
- Regularly inspect your equipment for any signs of wear or damage before use.

Specific Safety Precautions for Use

- **Cartridge Safety:** Only use this die set for 6.5 Creedmoor cartridges. Using it for other cartridges may lead to malfunctions or accidents.
- **Die Handling:** Handle dies carefully to avoid damage. Do not force any components during installation or use.
- **Powder Handling:** Use only the recommended powder types and quantities. Avoid mixing different powders.
- **Seating Depth:** Ensure correct bullet seating depth as specified in your reloading manual to prevent dangerous pressures.
- **Crimping:** Apply the factory crimp only as needed. Overcrimping can lead to dangerous ammunition.
- **Storage:** After use, store the die set in a secure location to prevent accidental access.

Instructions for Installation and Usage

1. Setup:

- Ensure your reloading press is securely mounted and stable.
- Gather all necessary components: Full Length Sizing Die, Bullet Seating Die, Factory Crimp Die, Universal Shell Holder, Powder Dipper, and instructions.

2. Installation:

- Install the Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to ensure proper sizing of the 6.5 Creedmoor cartridge.
- Install the Bullet Seating Die next, following the same adjustment principles.
- Finally, install the Factory Crimp Die.

3. Reloading Process:

- Begin with sizing the brass cases using the Full Length Sizing Die.
- After sizing, use the Powder Dipper to measure and add the correct amount of powder to each case.
- Insert the bullet into the case and use the Bullet Seating Die to seat the bullet to the desired depth.
- Use the Factory Crimp Die to apply a crimp as necessary.

4. Final Checks:

- Inspect each round for proper dimensions and bullet seating.
- Store completed rounds in a secure location.

Disposal Instructions

- Dispose of any unused or excess reloading materials in accordance with local regulations.
- Do not throw away hazardous materials in regular trash. Contact local waste management for proper disposal methods.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the use of the PACESETTER RIFLE THREEDIE SETS LEE PRECISION 6.5 CREEDMOOR, please refer to the manufacturer's website or customer service resources.

Thank you for prioritizing safety and following these guidelines. Happy reloading!
