# **PACESETTER RIFLE THREEDIE SETS LEE PRECISION 9.3X62 PACESETTER FULL LENGTH SIZING 3DIE SET Safety Instruction Guide**

## **Introduction**

Thank you for choosing the PACESETTER RIFLE THREEDIE SET from LEE PRECISION. This guide provides essential safety instructions to ensure the safe and effective use of your die set. It is crucial to follow these guidelines to minimize risks and enhance your reloading experience.

## **General Safety Guidelines**

- Ensure that the reloading area is wellventilated and free from distractions.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading components.
- Store all reloading materials in a secure location, out of reach of children and pets.
- Familiarize yourself with the specific requirements of your reloading press before use.
- Regularly inspect your reloading equipment for any signs of wear or damage.
- Follow all local laws and regulations regarding ammunition reloading.

## **Specific Safety Precautions for Use**

- Always read and understand the instructions provided with the die set before use.
- Use only the recommended cartridge (9.3 x 62 Mauser) with this die set.
- Avoid using damaged or worn components. Replace any defective parts immediately.
- Do not exceed recommended powder charges as specified in load data.
- Keep the work area clean and organized to prevent accidents.
- Never leave reloading materials unattended during the reloading process.
- If you are uncertain about any aspect of reloading, seek advice from experienced reloaders or professionals.

## **Instructions for Installation and Usage**

### **1. Setup the Reloading Press**

- Ensure that your reloading press is securely mounted to a stable work surface.
- Check that the press is clean and free from debris before installation.

### **2. Install the Dies**

- Carefully follow the instructions to install the Full Length Sizing Die, Bullet Seating Die, and Factory Crimp Die in the reloading press.
- Adjust each die according to the specifications provided in the instructions.

### **3. Use the Universal Shell Holder**

- Insert the appropriate shell holder for the 9.3 x 62 Mauser cartridge into the reloading press.
- Ensure it is securely positioned to hold the cartridge during the reloading process.

### **4. Measure and Add Powder**

- Use the provided Powder Dipper to measure the correct amount of powder as per load data.

- Pour the powder into the cartridge case carefully to avoid spills.

#### **5. Seating the Bullet**

- Insert the bullet into the cartridge case and use the Bullet Seating Die to seat the bullet to the proper depth.
- Ensure that the bullet is seated straight to avoid any feeding issues.

#### **6. Crimping the Cartridge**

- Use the Factory Crimp Die to crimp the bullet securely into the case.
- Check the crimp to ensure it meets the specifications for safe operation.

#### **7. Final Inspection**

- Inspect each completed cartridge for any defects before use.
- Ensure that the cartridges are stored safely and properly labeled.

## **Disposal Instructions**

- Dispose of any unused or excess reloading materials according to local regulations.
- Do not throw away hazardous materials in regular trash. Contact your local waste management authority for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the PACESETTER RIFLE THREEDIE SET, please contact your local distributor or visit the manufacturer's website for additional resources.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your PACESETTER RIFLE THREEDIE SET. Always prioritize safety and adhere to best practices for reloading.
