# PACESETTER RIFLE THREEDIE SETS LEE PRECISION .257 ROBERTS

## Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This 3Die Set is designed for safe and effective reloading of .257 Roberts cartridges. Please read this safety instruction guide carefully to ensure proper use and handling of the product.

## General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Use the product only for its intended purpose as described in the instructions.
- Keep the product out of reach of children and unauthorized users.
- Ensure that your reloading area is wellventilated and free from distractions.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Regularly inspect all components for wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The reloading process involves handling gunpowder, which is flammable and can be hazardous if not handled correctly.
  - Improper use of dies may result in accidents, including misfires or damage to the firearm.
- **Avoiding Hazards:**
  - Store gunpowder and primers in a cool, dry place away from heat sources.
  - Do not exceed recommended powder charges as specified in load data.
  - Always doublecheck powder measurements before seating bullets.
  - Ensure that the reloading press is securely mounted and stable before use.
  - Use the appropriate die for the specific reloading task (sizing, seating, crimping).

## Instructions for Installation and Usage

### 1. Setup:

- Ensure all components are clean and free from debris.
- Securely mount the reloading press on a stable surface.
- Install the Full Length Sizing Die by threading it into the press and tightening it securely.
- Insert the Universal Shell Holder into the press to hold the cartridge case.

### 2. Full Length Sizing:

- Place a cartridge case into the shell holder.
- Pull the press handle to size the case according to the die instructions.
- Remove the sized case and inspect for proper sizing.

### 3. Bullet Seating:

- Install the Bullet Seating Die in the press.
- Adjust the die according to the instructions for the desired bullet seating depth.
- Place a charged case in the shell holder and insert a bullet into the case mouth.

- Pull the press handle to seat the bullet.

#### **4. Factory Crimping:**

- Install the Factory Crimp Die in the press.
- Adjust the crimping die as per the instructions.
- Place the seated cartridge in the shell holder and pull the press handle to apply the crimp.

#### **5. Clean Up:**

- After use, clean the dies and press to prevent corrosion and maintain functionality.
- Store all components in a safe and dry location.

## **Disposal Instructions**

- Dispose of any unused or waste materials in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular trash. Contact local waste management authorities for proper disposal methods.
- Ensure that all empty containers are properly recycled or disposed of.

## **Contact Information for Further Support**

For any questions or concerns regarding the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's contact details provided within the product packaging or on the official website.

Thank you for prioritizing safety while enjoying your reloading experience.
