## Safety Instruction Guide

### Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SETS LEE PRECISION 7X64 BRENNEKE. This guide provides essential safety instructions and information to ensure the safe and effective use of the product. Please read this guide carefully before use.

### General Safety Guidelines

- Always handle reloading equipment with care and follow all safety procedures.
- Ensure you are familiar with the reloading process and the specific requirements for the 7x64 mm Brenneke cartridge.
- Store all reloading components, including the die set, in a secure and dry location, out of reach of children and pets.
- Inspect all equipment before use to ensure it is in good working condition.
- Use personal protective equipment, such as safety glasses and gloves, when reloading ammunition.
- Follow local laws and regulations regarding reloading and ammunition storage.

### Specific Safety Precautions for Use

- Ensure that your reloading press is compatible with the 7/8"14 thread size of the dies.
- Do not exceed recommended powder charges as indicated in the load data.
- Avoid using damaged or worn components, as they may lead to malfunctions or accidents.
- Always keep the work area clean and organized to prevent accidents.
- Never leave the reloading process unattended.
- Be aware of your surroundings and ensure that no one is in the vicinity while reloading.

### Instructions for Installation and Usage

#### 1. Installation of the Die Set

- Secure the Full Length Sizing Die into the reloading press, ensuring it is tightly fastened.
- Insert the Bullet Seating Die into the press and adjust it according to the load data specifications.
- Attach the Factory Crimp Die, ensuring it is properly aligned for crimping.
- Use the Universal Shell Holder to securely hold the cartridge case during the reloading process.

#### 2. Using the Die Set

- Follow the provided load data instructions for proper powder measurements and bullet seating depths.
- Operate the press smoothly and steadily to avoid any undue stress on the equipment.
- After resizing, inspect each case for defects before proceeding to bullet seating.
- Use the Powder Dipper to measure the correct amount of powder for each cartridge.
- Ensure that the completed cartridges are stored safely and labeled correctly.

### Disposal Instructions

- Dispose of any unused or excess reloading materials according to local regulations.
- Do not dispose of hazardous materials in regular trash; follow local guidelines for hazardous waste disposal.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the PACESETTER RIFLE THREEDIE SETS LEE PRECISION 7X64 BRENNEKE, please consult your retailer or the manufacturer's customer service. Make sure to have the product details available for reference.

### **Important Note**

This safety instruction guide is intended to provide essential information for the safe use of the PACESETTER RIFLE THREEDIE SETS LEE PRECISION 7X64 BRENNEKE. It is the responsibility of the user to adhere to all safety guidelines and local regulations regarding reloading practices. Always prioritize safety in every reloading session.
