# PACESETTER RIFLE THREEDIE SETS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for reloading the .250 Savage cartridge and includes essential components for safe and effective use. Please read this safety instruction guide carefully to ensure proper handling and operation.

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Use the die set only for its intended purpose—reloading .250 Savage cartridges.
- Keep the die set and all components out of reach of children and unauthorized users.
- Always wear appropriate safety equipment, including eye protection, when reloading ammunition.
- Store the die set in a dry, secure place when not in use to prevent damage and unauthorized access.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Handling of Components:

- Handle all components with care to avoid injury.
- Ensure that the dies are securely attached to the reloading press before use.

### • Reloading Process:

- Always doublecheck powder measurements and bullet seating depth.
- Use only the recommended powder and bullets for the .250 Savage cartridge.
- Avoid overcharging the case with powder, as this can lead to dangerous situations.

### • Environment:

- Work in a wellventilated area to avoid inhalation of dust or fumes.
- Keep flammable materials away from your reloading area.

### • Emergency Procedures:

- In case of an accident, follow proper emergency procedures and seek medical assistance if necessary.

## Instructions for Installation and Usage

### 1. Installation of Dies:

- Secure the Full Length Sizing Die into your reloading press.
- Attach the Bullet Seating Die and Factory Crimp Die to the press as per the instructions provided.
- Ensure that all dies are tightened properly to avoid movement during operation.

### 2. Using the Full Length Sizing Die:

- Insert an empty .250 Savage cartridge case into the die.

- Operate the press to resize the case to ensure proper chamber fit.

### **3. Using the Bullet Seating Die:**

- Place a bullet on top of the charged case.
- Adjust the die to seat the bullet to the desired depth.
- Operate the press to seat the bullet securely.

### **4. Using the Factory Crimp Die:**

- Insert the loaded cartridge into the die.
- Operate the press to apply a crimp on the bullet, ensuring it is secure.

### **5. Final Inspection:**

- Inspect each loaded cartridge for proper seating and crimping before storage or use.
- Store reloaded ammunition in a secure, dry location.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away reloaded ammunition that is suspected to be unsafe; consult local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's guidelines or seek assistance from qualified professionals.

Thank you for your attention to these safety instructions. Enjoy your safe and successful reloading experience!
