PACESETTER RIFLE THREEDIE SETS LEE PRECISION .360 BUCKHAMMER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for safe and effective reloading of the .360 Buckhammer cartridge. Please read this safety instruction guide carefully to ensure the safe use and handling of this product.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Ensure that your reloading area is clean, welllit, and free of distractions.
- Keep all components and tools out of reach of children and pets.
- Store reloading materials in a secure location to prevent unauthorized access.
- Familiarize yourself with all components of the reloading set before use.
- Regularly inspect your equipment for wear and tear, replacing any damaged parts immediately.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Use the reloading dies only for their intended purpose.
- Avoid overcharging powder in your cartridges to prevent dangerous pressure buildup.
- Do not mix different types of powders or primers.
- Always doublecheck measurements and weights before proceeding with reloading.
- Keep the reloading area free of any flammable materials.
- Do not attempt to modify or alter the reloading dies or any other components.
- Be cautious when handling primers and powders, as they can be sensitive to heat and impact.

Instructions for Installation and Usage

1. Setup:

- Ensure your reloading press is securely mounted on a stable surface.
- Install the Full Length Sizing Die in your reloading press according to the manufacturer's instructions.
- Attach the Bullet Seating Die and Factory Crimp Die in the same manner.

2. Reloading Process:

- Insert the Universal Shell Holder into the press.
- Place a clean, empty cartridge case into the shell holder.
- Use the Full Length Sizing Die to resize the case.
- Remove the resized case and proceed to add the appropriate amount of powder using the Powder Dipper.
- Insert a bullet into the case and use the Bullet Seating Die to seat the bullet to the desired depth.
- Finally, use the Factory Crimp Die to ensure a proper crimp on the cartridge.

3. Final Checks:

- Inspect each completed cartridge for proper seating and crimping.
- Store completed cartridges in a safe and secure manner.

Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local hazardous waste regulations.
- Do not throw away primers, powders, or other reloading components in regular trash.
- Contact local waste management authorities for information on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or usage of the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's contact details provided with the product.

Conclusion

Your safety is paramount when using the PACESETTER RIFLE THREEDIE SET. By following these guidelines and instructions, you can ensure a safe and enjoyable reloading experience. Always stay informed and proactive about safety practices to protect yourself and others. Thank you for choosing LEE PRECISION.
