Safety Instruction Guide for BREECH LOCK PISTOL CARBIDE 4DIE SETS

Introduction

Thank you for choosing the BREECH LOCK PISTOL CARBIDE 4DIE SETS by Lee Precision. This product is designed for safe and efficient reloading of 9mm Luger cartridges. To ensure your safety and the proper functioning of this product, please follow the guidelines and instructions provided in this manual.

General Safety Guidelines

- Always read and understand all instructions before using this product.
- Ensure that you are in a wellventilated area when reloading ammunition.
- Wear appropriate safety gear, including safety glasses and hearing protection.
- Keep this product out of reach of children and unauthorized users.
- Do not use this product if you are under the influence of drugs or alcohol.
- Regularly inspect your equipment for any signs of wear or damage.
- Store all components in a cool, dry place away from direct sunlight and moisture.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Always be aware of the potential hazards associated with reloading ammunition, including the risk of explosion, fire, and personal injury.
- **Avoiding Hazards:**
 - Do not exceed recommended powder charges. Follow load data provided in the instructions.
 - Use only the recommended components (powder, primers, and bullets) specified for this die set.
 - Ensure all dies are properly installed and securely tightened before use.
 - Never attempt to modify or alter the dies or any other components.
 - Keep your workspace clean and organized to prevent accidents.
- **AgeSpecific Warnings:**
 - This product is not intended for use by individuals under the age of 18. Ensure proper supervision if used by younger individuals.

Instructions for Installation and Usage

1. Installation of Dies:

- Ensure your reloading press is securely mounted and stable.
- Install the Carbide Full Length Sizing Die in the press according to the manufacturer's instructions.
- Follow with the Bullet Seating Die, Powder Thru Expanding Die, and Factory Crimp Die, ensuring each die is securely tightened.

2. Usage Instructions:

- Prepare your workspace by laying out all necessary components: brass cases, bullets, powder, and primers.

- Refer to the load data included with your die set for specific measurements and instructions.
- Load powder into the Powder Thru Expanding Die as per the recommended charge weight.
- Insert the brass case into the sizing die and operate the press to resize.
- Seat the bullet using the Bullet Seating Die, ensuring proper depth and alignment.
- Use the Factory Crimp Die to ensure a secure crimp on the bullet.
- Inspect each completed round for quality and safety before storage.

3. PostUse Care:

- Clean all dies and components after use to prevent corrosion and ensure longevity.
- Store the dies and other components in their original packaging or a secure container.

Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For additional support, please refer to the manufacturer's contact information provided in the product packaging or visit the official Lee Precision website.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with your BREECH LOCK PISTOL CARBIDE 4DIE SETS. Thank you for your attention to safety and proper use.
